

IRON COUNTY SOIL & SEDIMENTATION

PERMIT EXEMPTION FORM

- Part 91, the Soil Erosion and Sedimentation Control Act, has specific legal requirements for projects that are within 500 feet of a lake, stream, or wetland area.
- If a project will disturb less than 225 square feet, or will be completed within a 24 hour period of time an exemption may be granted to permitting requirements.

Check one:

225 Exemption :

I hereby state that my earth change will be _____ square feet, and is therefore exempt from a Soil Erosion and Sediment Control Permit. I also state my earth change will not contribute any sediment to lake, stream, or wetland.

Minor Earth Change

I hereby state that my earth changes is exempt from a Soil Erosion and Sedimentation Control Permit, due to the fact that my earth change will be completed within 24 hours from the initial disturbance; and that installation of all permanent erosion control measures will be completed and installed within the 24 hour period. I also state that my earth change will not contribute sediment to any lake, stream, or wetland.

Date Earth Work Will Be Started _____
