

CAPABILITY STATEMENT

CORE COMPETENCIES

Sanders has been in business for over 20 years, with a hands on approach and **Master Welding** experience.

We are a minority owned business enterprise, which makes us an ideal partner for welding and custom fabricated metal products. We work with a variety of government departments and agencies, as well as commercial and residential customers, both locally and nationwide.

The fabrication specialization is what really differentiates us in the industry – we are able to accommodate a wide variety of needs, as well as being able to perform tasks in the shop or on-site. We pride ourselves on quality, and our business had thrived through customer recommendations and referrals.
