

CAPABILITY STATEMENT

Core Competencies

- Control Systems Design
- Electrical Engineering
- Engineering Management
- PLC
- SCADA
- MCC Engineering and Design

Industries We Serve

- Waste Water Plants
- Clean Water Plants
- Aggregate Plants
- Oil & Gas Industries
- Automobile
- Food & Beverage
- Power Plants

Automation and Control Engineering

- **HMI/SCADA Configuration:** Wonderware Intouch, IFIX, Factory Talk View SE/ME, EZ Automation, Ignition, Optix
- **PLC & HMI Programming Platform:**
 - 1) ControlLogix, CompactLogix, MicroLogix, SLC 500, PLC5
 - 2) Siemens – S5,S7, TIA-portal
 - 3) Schneider/ Modicon
 - 4) GE Intelligent Platforms
 - 5) Automation Direct
 - 6) Mitsubishi
- **Industrial Networks and Communications:** Ethernet TCP/IP, ControlNet, RS232, Device net, Profibus network, Profinet
- **Motion Control Technology:** VFDs, Encoders, Servo Drives and Resolvers
- **Control Panel & System Design**
- **Control System Integration/Upgrade**
- **Developing Project Scope & Capital Budget**
- **Timely development & smooth implementation of automation systems**

Radiant Control Systems has more than 100 years of combined Control Engineering Experience in System Integration, PLC, HMI, SCADA.

Company Info

Radiant Control Systems
6340 Sugarloaf Parkway,
Suite # 200
Duluth, GA 30097
