

2M Design Consultants, Inc.

COMPANY OVERVIEW

- Sustainable Design Specialists + Program Managers
- 2M is an Atlanta based, minority owned, female headed firm founded in 1995 by its vice president, Leonard Morrow to provide commercial program management services to the private and public sectors, having received its designation as an S corporation in Georgia on March 22, 2000. Belinda A. Morrow is 2M's president and majority shareholder, who was one of the first 100 people in the nation to receive the U.S. Green Building Council LEED™ accredited professional designation and is LEED legacy. Excellence in the design and management of high performance green buildings is at the core of the service we provide by using LEED™ sustainable design practices that conserve natural resources and create green jobs.

CORE COMPETENCIES & DESCRIPTION OF SERVICES

- **BUSINESS PHILOSOPHY:** Our business philosophy is to promote and implement innovative and holistic solutions that improve the well-being of our end users and stakeholders by advancing the practice of sustainable products; design, construction management and operations & maintenance training and certification services with the creation of “green” employment and entrepreneurial opportunities.
- **CORE COMPETENCIES & MISSION STATEMENT:** To provide “best-in-class” commercial products; sustainable architectural design, and construction management services for high performance commercial facilities in public and private market sectors nationwide and globally using innovative technologies that benefit our clients and that add maximum value through continued provision of excellence in the design, management and delivery of efficient, safe and functional facilities specifying sustainably products that conserve natural resources and create green jobs.
- **DESCRIPTION OF SERVICES:** 2M provides the following sustainability services: (a) LEED Administration Services, (b) Sustainable Architecture & Specifications, (c) BIM Services, (e) Community Outreach Services and Green Jobs Training and Certification Services using USGBC's only approved GPRO “Fundamentals of Building Green” training program for all trades under LEED Pilot Credit #81. Our team has developed an innovative approach to fulfilling your sustainability requirements and has planned LEED and green jobs training and certification for local residents through local Offices of Workforce Development's First Source Jobs Program. 2M is certified by the Georgia Department of Transportation (GDOT) as a DBE Certified company, and by the City of Atlanta, and Fulton County Government as a Small Minority and Women

Owned Business enterprise. Provider of Cleaning Products by ZEP for MARTA.

PROJECT EXPERIENCE/REFERENCES

- In 2003 Ms. Morrow was responsible for the design and construction oversight of Fulton County Government's first LEED certified building and the State of Georgia's first LEED Silver Public Library, the East Atlanta Library, for the U.S. Department of Defense's first LEED Gold residence; and other LEED certified military construction projects. 2M provides LEED Silver administration oversight on eight (8) new libraries and two (2) major renovations/additions for the Atlanta-Fulton Public Library Capital Improvement Program that is a part of a \$275M bond referendum approved by Fulton County taxpayers November of 2009.
