COMPANY OVERVIEW

Posey Power, Inc. ("Posey Power") is an emerging engineering firm based in Smyrna, Georgia, serving the Atlanta area. Founded in 2023, Posey Power specializes in MEP engineering design, electrical transient studies, and building code consulting services. The company CEO, Kaleb Posey, PE, brings extensive experience in MEP engineering, known for providing value-driven and practical engineering solutions. He is deeply committed to civic engagement and currently serves on the board of directors for both the Georgia Society of Professional Engineers and the Georgia Mathcounts Foundation.

CORE COMPETENCIES

Our services include:

- **Construction Documents:** Preparation of detailed construction documents for building permitting.
- **Power Studies:** Conducting power studies for transient analysis of electrical systems and much more.

PAST PERFORMANCES

- **Tim Hortons:** Provided full-service design solutions to growing franchise (600 stores in USA to date and counting).
- **The Lima Service Center:** Executed development of design for 47,600 SF and detached 23,800 SF part of a larger \$250 million AEP program for new and updated service centers and maintenance garages.
- **Fire Station in city of Cuyahoga Falls, Ohio:** Executed development of renovation design for the first time in 40 years.
