

CAPABILITY STATEMENT

Building Georgia's Future — One Load at a Time

Core Competencies

- Hauling construction materials including but not limited to Dirt, Asphalt, Milling, GAB, Stone, Rip Rap
- Full-service coordination of trucking operations, allowing prime contractors to streamline communication and billing by working through a single, trusted partner regardless of project size
- Pre-qualified GDOT subcontractor
- GDOT DBE, MBE, and WBE Certified

Past Performance

Subcontracted with leading heavy civil contractors on major infrastructure projects, including:

- Courtesy Parkway Extension (Rockdale County)
- I-85/SR-403 Mill & Resurfacing (Gwinnett County)
- I-285/SR-475 Reconstruction & Rehab (DeKalb County)
- SR-15 & SR-10 Resurfacing (Clarke County)
- Runway Rehab & RSA Improvement (DeKalb Airport)

Key Differentiators

- Competitive rates
- Proven reliability and professionalism
- Streamlined coordination and operational simplification — Management of all trucking operations from dispatch to compliance and payment, enabling “one call” from primes for all trucking needs regardless of project size, one weekly invoice, and one weekly payment
- Experienced with certified payroll and Davis-Bacon compliance
