COMPANY NARRATIVE

Government agencies and prime contractors require precision execution to meet mission objectives. AYSION provides structured consulting support across **strategy, credentialing, and operational workflows, aligning programs with performance goals and regulatory expectations.**

With two decades of experience in corporate consulting and project leadership, AYSION delivers clarity, efficiency, and control in high-impact environments, leveraging these strengths to transition into the federal space.

Founded in 2014, AYSION is a certified Women-Owned Small Business (WOSB) operating as The Global GovCon Network, specializing in management consulting, credentialing systems, and compliance infrastructure.

PAST PERFORMANCE/EXPERIENCE

Trusted contributor to high-visibility projects with companies including Hulu, Wayfair, Wells Fargo, Comcast, and more.

- Led complex project workflows that improved operational efficiency, reduced risk, and supported strategic execution.
- Delivered administrative and credentialing support with a consistent standard of accuracy, compliance, and readiness.
- Built scalable intake and verification systems to streamline onboarding and strengthen regulated partnership frameworks.

KEY DIFFERENTIATORS

- Trusted consultant with 20+ years of combined experience **supporting enterprise operations through strategic planning, project leadership, and compliance-aligned execution.**
- Recognized for designing reliable systems that **enhance onboarding efficiency, documentation control, and partnership credibility across regulated sectors.**

CORE COMPETENCIES

- **Project Management & Operational Strategy**
Drives efficient, risk-aware execution through structured workflows and strategic oversight across regulated initiatives.
- **Credentialing & Administrative Systems**
Provides compliance-focused credentialing and streamlined onboarding systems to ensure documentation accuracy and partnership readiness.
