

ARS Mechanical, LLC

OVERVIEW

- ARS Mechanical, LLC (ARS) specializes in commercial and industrial heating, ventilation and air conditioning. Headed by principals Sadat Nichols and Alfred Shepherd, the company is certified as a Small Disadvantaged Business (SDB) through the Small Business Administration and holds several Minority Business Enterprise (MBE) certifications.
- ARS employs 26 skilled construction professionals, is bonded and insured, and holds Georgia Warm Air and DOL Boiler licenses. Headquartered in Lithonia, GA, the company was established in 2002 to provide professional services to private, public, and government clients. We provide a complete line of commercial services with full competence and proven expertise. We guarantee the work performed by our company.
- All ARS field employees have completed OSHA 10/30 training; some are STAR-certified. ARS also employs certified welders, pipe fitters, sheet metal workers and mechanical service technicians. All ARS mechanics complete a five-year apprenticeship training program in their field of expertise along with continuous education in their field of expertise.
- Since its establishment in 2002, ARS Mechanical has enjoyed growth over the years. This is a testament to our company's ability to provide quality, timely service and attract first-rate clients that continue to return for service.
- Sound business and quality management principles are the foundation of ARS Mechanical's success. Thus, the company is ISO 9001:2000 compliant. At ARS Mechanical, we know that the customer comes first as demonstrated in our company philosophy and quality policy.

COMPANY PHILOSOPHY AND QUALITY POLICY

- In pursuit of remaining a successful prime mechanical contractor, ARS Mechanical is committed to the following principles:
 - Treat all customers as if they are our only customer.
 - Maintain constant communication with customers to understand their needs.
 - Go the extra mile to meet or exceed customer requirements and expectations every time, and continually improve our processes and performance.
 - Provide our customers with quality, professional, and cost effective service.
- Given our philosophy regarding our customers, ARS Mechanical's mission is: "To provide our customers with excellent service, quality workmanship, and dedicated attention to their needs."
- ARS Mechanical is certified as a Small Disadvantaged Business (SDB) by the Small Business Administration, MBE by the Georgia Minority Supplier Development Council, and a

Disadvantaged Business Enterprise by the Georgia Department of Transportation
