CAPABILITY STATEMENT

CORE COMPETENCIES

Avaabi Consulting Ltd. is a small business and minority-owned geotechnical engineering firm that provides consulting services on civil infrastructure projects to government and private organizations. Our professional background is largely based on over a decade of work experience with the Georgia Department of Transportation (GDOT) on projects throughout the state of Georgia. We believe this sets us apart from the competition.

Our professionals are capable of providing the following services in the civil engineering discipline of geotechnical engineering:

- **ENGINEERING DESIGN AND ANALYSIS**
- **SENIOR TECHNICAL QUALITY ASSURANCE/QUALITY CONTROL REVIEW**
- **SUBJECT MATTER EXPERT CONSULTATION**
- **PROJECT MANAGEMENT**
- **TRAINING**
