

*Striving for excellence and exceeding expectations through efficiency and effectiveness!*

## CAPABILITY STATEMENT

**C.D. WOODS TRANSPORTATION SOLUTIONS** is an asset-based truckload transportation company dedicated to providing solutions that add value to our customers' supply chains.

Everything we do begins and ends with efficiency and effectiveness. C. D. Woods sees corporate culture as an integral part of a successful business and a reflection of the company's standards. An effective culture promotes safety, customer satisfaction, efficiency, effectiveness, employee retention, and integrity.

### CORE COMPETENCIES

**EXPRESS** | Expedite transportation services to move material from the quarry directly to customers' active work sites. Delivery of material directly to a commercial construction site or landscape project.

**STOCKPILING** | Rapid aggregate replenishment transportation services for concrete and asphalt plants that rely on prompt service to avoid manufacturing delays

**MATERIALS** | Sand, decorative rock, fill dirt, river rock, pea gravel, slate, fertilizer, granite, marble.

### DIFFERENTIATORS

**REGIONAL** | Our regional area of operation allows us to provide same-day and next-day aggregate transport services to restock raw material inventories for companies with multiple plant locations throughout the Southeast.
