COMPANY OVERVIEW

Camtec Communications LLC is a disadvantaged business enterprise in the state of Georgia. We are an underground utility construction company specializing in directional drilling, with over 14 years of combined experience servicing the southeast. We provide high-quality services while prioritizing safety as an integral part of our work. Camtec Communications LLC is comprised of 25 highly qualified specialists.

CORE COMPETENCIES

Our services include:

- Fiber Main Installation
- Gas Main Installation
- Project Management
- Underground Construction
- Excavation and Embankment
- HDD (Horizontal Directional Drilling)
- Creek and River Shots
- Specialty Bore (10" & Greater)
- Rock Shots
- Aerial Splicing
- Concrete Restoration
- Asphalt Restoration
- Removal of Concrete and Pavement
- Concrete Sidewalks and Curbs
- Asphalt Paving
- Asphalt Repairs
- Traffic Control (ATSSA Certified)

DIFFERENTIATORS

Camtec Communications LLC is a minority-owned business equipped with the knowledge and resources to successfully complete specialty bores of 12" diameter and greater, river shots, and creek shots. We excel in handling projects that other companies find challenging, showcasing our commitment to delivering high-quality work and dependability. Beyond bores, our comprehensive services include in-house splicers, aerial crews, missile crews, concrete and asphalt specialists, and traffic control crews. We are your all-in-one solution provider.
