

# CAPABILITY STATEMENT

## CORE COMPETENCIES

- 1. Transportation Management:** Efficiently coordinate freight movement across various transportation modes (trucking, rail, air, and ocean).
- 2. Logistics Planning and Execution:** Expertise in route optimization, load planning, warehouse management, and inventory control.
- 3. Carrier and Supplier Management:** Identify, manage, and negotiate contracts with carriers and suppliers for timely, cost-effective delivery.
- 4. Freight Consolidation and Distribution:** Consolidate shipments to maximize efficiency and distribute goods effectively.
- 5. Freight Tracking and Visibility:** Utilize technology for real-time freight tracking and supply chain visibility, enabling customers to monitor their shipment.
- 6. Customs and Trade Compliance:** Navigate customs regulations and international trade laws and provide documentation for smooth cross-border shipments.
- 7. Customer Service:** Provide excellent customer service through timely communication and efficient problem-solving.
- 8. Risk Management:** Identify and mitigate risks associated with freight transportation. (accidents, delays, theft, and damage to goods)
- 9. Technology Adoption:** Embrace and leverage technology solutions (transformation management systems, data analytics, automation) for operational efficiency and customer satisfaction.
- 10. Continuous Improvement:** Dedication to ongoing performance monitoring, data analysis, feedback collection, and process enhancements.

## DIFFERENTIATORS

- 1. Fleet Size and Diversity:** A varied fleet accommodates diverse freight volumes and customer needs.
- 2. Extensive Geographic Coverage:** Nationwide reach ensures reliable service across multiple regions.
- 3. Specialized Services:** Tailored offerings for specific industries or freight types set the company apart. (temperature-controlled transportation for perishable goods or oversized load transportation for heavy equipment)
- 4. On-Time Delivery Performance:** High delivery punctuality demonstrates reliability.
- 5. Technology Integration:** Advanced systems improve efficiency and the customer experience.
- 6. Safety Record:** Compliance and low accident rates build trust with customers.
- 7. Customer Service Excellence:** Responsive, proactive support fosters long-term relationships.
- 8. Experienced and Professional Drivers:** Experienced professionals prioritize safety and service quality.

## PAST PERFORMANCES

## COMPANY DATA

**DBE Certified, UCR, BOC-3 registered**  
 DOT: 2871025  
 MC: 027283  
 DUNS: 011848492  
 NAICS: 484110, 484121  
 SIC Code: 42129905
