

CAPABILITY STATEMENT

For many, concrete cutting may seem like a simple task. It takes years of experience to look at a job, organize it, plan it, and deliver the requested results. Here at Paramount Cutting, that's the expertise we bring to the industry. **Our main goal is to get the job done right, safely, efficiently, and in a timely manner the first time around. Paramount Cutting Contracting LLC helps customers meet their objectives by delivering concrete cutting services as efficiently and precisely as possible.**

We are a professional construction subcontractor with a specialty in **concrete cutting, core drilling, concrete demolition, and bollard placement**. Our team consists of highly trained and experienced professionals who are dedicated to delivering high-quality services that meet our clients' expectations. **With a focus on safety, efficiency, and precision, we are committed to providing our clients with cost-effective solutions that are tailored to their specific needs.**

CORE COMPETENCIES

CONCRETE CUTTING:

Our concrete cutting services include both flat sawing and wall sawing, and we utilize the latest equipment and technology to ensure that we deliver precise and efficient cuts. Whether our clients require concrete cutting for commercial or industrial purposes, we have the expertise and resources to meet their needs.

CORE DRILLING:

Our core drilling services are designed to create precise, circular holes in concrete and other materials. We use state-of-the-art equipment and techniques to ensure that our core drilling is both accurate and efficient while also minimizing disruption to our clients' operations.

CONCRETE DEMOLITION:

Our concrete demolition services are carried out with safety and efficiency in mind. We use the latest equipment and techniques to demolish concrete structures of any size while also minimizing noise and dust levels. Our team of experts is highly experienced in all aspects of concrete demolition, including selective demolition and total demolition.

BOLLARD PLACEMENT:

Our bollard placement services are designed to provide our clients with effective protection against vehicle intrusion. We offer a range of bollard types, including fixed, removable, and retractable bollards, and we can install them in a variety of settings, including commercial, industrial, and government properties.
