SAFETY TRAINING

TRAFFIC CONTROL

CAPABILITY STATEMENT

CORE COMPETENCIES

ProAct Safety & Traffic Solutions provides a plethora of safety trainings in the construction and general industries. The owner along with all instructors are **OSHA Authorized Trainers**.

We also provide professional **traffic control services**, that include traffic control setup with certified flaggers. We can provide flaggers for ten work sites with three man crew at each site.

DIFFERENTIATORS

- **IN-HOUSE TRAINED EMPLOYEES**

We train all our employees in house so we can ensure a quality of training that's second to none.

- **PROFESSIONAL FLAGGERS**

Our flaggers are fully equipped with uniforms, including class 3 ansi rated work vest and pants for any nighttime work required. We guarantee that our flaggers are professional in manner and appearance, which means each of our flagger will have belts with khaki pants and polo shirts.
