## DIFFERENTIATORS

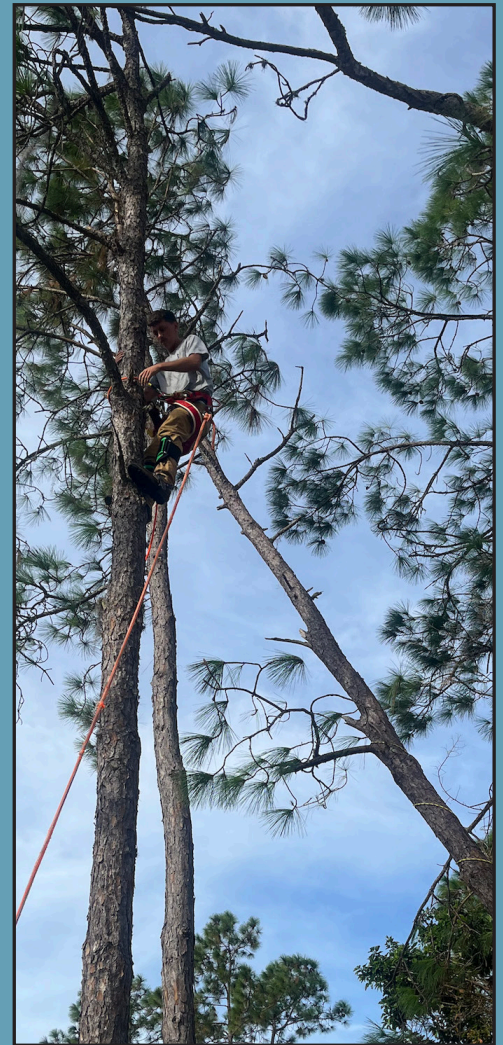

We are diverse. We possess all the right pieces to represent the small business sector. VCG develops relationships with financial institutions, surety bond companies, prime business owners, and other subcontractors within our sphere. Our philosophy is that there is enough for all of us when we focus on positive, viable, and credible ways of doing business.

“My financial background sets us apart. VCG has layers of protection that some small businesses don't have. We have a bond agent on speed dial if needed. Access to capital, equipment, and personnel to get the job done, and done right. I hear that DBE's get a bad rep sometimes. We're here to negate that way of thinking.”

## PAST PERFORMANCES

1. RESIDENTIAL PROPERTIES
2. TREE SERVICES
3. STUMP GRINDING
