ABOUT SCG

Spellman Consulting Group (SCG) provides contract management, vendor management, and compliance (CVC) support to small construction and trade companies, ensuring they are contract-ready, vendor-compliant, and aligned with federal and state regulations. We offer training and technical assistance in sustainability by helping businesses integrate energy efficiency and eco-friendly practices into their operations and assist with obtaining the DBE and MBE certifications. To date, SCG has supported over 20 construction and trade firms in achieving compliance and certification readiness.

CORE CAPABILITIES
