

DetailXPerts™
We bring a *greener* clean

Capability Statement

COMPANY OVERVIEW

DetailXPerts Franchise Systems, LLC has been revolutionizing commercial cleaning services for years. We have five corporate locations around the country and a talented team of over 100 employees who are ready to tackle any job - big or small! Our innovative approach combines advanced state-of-the-art equipment with sustainable solutions that make sure your space is sparkling clean in no time at all. So if you're looking for an industry leader when it comes to eco-cleaning spaces, DetailXPerts has the capacity to quickly and thoroughly complete a wide variety of contract-based janitorial cleaning tasks.

CORE COMPETENCIES

At DetailXPerts, we're not just transforming how the commercial cleaning industry works - but taking steps to make a difference for people and our planet. We pair cutting-edge steam technology with certified staff training for fast, reliable service that puts sustainability first! By redefining cleanliness standards through green methodology and leading by example, DetailXPerts is dedicated to making sure every space looks its best while having a positive effect on society

DIFFERENTIATORS

- **Eco-Friendly Innovation:** Leveraging patented steam technology, we save up to 99% more water than traditional methods, eliminating the use of harmful chemicals while prioritizing sustainability.
- **Fleet & Vehicle Detailing:** Comprehensive cleaning and maintenance services for commercial and government fleets, with meticulous attention to every detail.
- **Sanitization Solutions:** High-temperature steam ensures effective sanitization and germ elimination across vehicles, offices, and public facilities.
- **Mobile Convenience:** Fully equipped mobile units provide on-site services, minimizing downtime and maximizing efficiency.
- **Customized Solutions:** Tailored maintenance programs and cleaning plans deliver cost efficiency and exceptional results, optimized for each client's unique needs.
- **Sustainability Leadership:** Recognized for award-winning green practices, we help clients achieve eco-friendly goals, including ISO 14001 certification.

PAST PERFORMANCES

Our mobile units use eco green methods to reset your most important spaces - to their cleanest state! With 20+ years of cleaning experience our customer's favorite features include:

Detailing cars with a pint of water | Customizable levels of clean | Ultimate on-Demand Convenience | Long Lasting Results | H2O Conservation | Award Winning Customer Service
