DIFFERENTIATORS

With over 25 years in the Commercial Truck Industry and more than 23 years as an owner/operator of a Commercial Truck Repair Shop and Fleet Maintenance Company, we bring extensive experience in the maintenance and repair sector. Our deep understanding of the "do's and don'ts" allows us to guide clients through the complexities of Department of Transportation regulations concerning their on-road assets, including drivers and equipment.

We excel in helping clients develop the right maintenance plans for their fleets, identifying suitable service shops, and even establishing in-house maintenance departments tailored to their needs. By actively listening to client concerns, we create customized action plans to achieve effective solutions.
