

CAPABILITY STATEMENT

CONNECTING
COMMUNITIES

www.connectingforcommunities.com

Company Overview

Connecting Communities, LLC ideates, develops, and executes proactive and comprehensive community outreach initiatives for both public and private entities. Our experienced team leverages existing key stakeholder relationships within the communities in and around developments, engaging and capturing feedback from elected officials, residents, community and civic groups and local businesses. Our goal is to build bridges, mitigate community concerns and create inclusive programs that benefit the surrounding communities. By fostering these relationships, we anticipate collaborative project support and accelerated economic programming for community residents and businesses.

Core Capabilities

- Community Outreach and Engagement Strategy
- Stakeholder Identification and Relationship Building
- Public Meeting Facilitation and Feedback Management
- Development of Inclusive Programming and Initiatives
- Communication and Public Relations Support

Services Offered

- **Stakeholder Engagement & Management:** We build strong relationships with elected officials, residents, community groups, and businesses throughout the project lifecycle.
- **Community Needs Assessment & Impact Analysis:** We conduct thorough assessments to understand community priorities, concerns, and potential project impacts.
- **Inclusive Program Development:** We work collaboratively with stakeholders to develop programs that address community needs and promote positive economic outcomes.
