□ GDOT Insight: Your Go-To Source for Innovative
Transportation Updates! □□

Join us on **Tuesday, July 29, 2025, from 9AM–12PM** at the **DoubleTree by Hilton Columbus** for an exclusive opportunity to connect directly with GDOT representatives and gain tools to grow your business through government contracting!

During our session, expect information on contracting, locating opportunities in the Columbus area and within other areas in Georgia, along with an opportunity for real-time Q&A discussions, which can elevate your company's success.

CEI Supportive Services will be on hand to guide DBEs through available **free** services associated with your DBE certification.

Companies attending which are not currently DBE certified will be able to take advantage of a certification class at **no cost**.

Don't miss this chance to take your business to the next level! Register now to secure your seat! Follow this link to easily register: [GDOT DBE Networking Event \(Columbus\), Tue, Jul 29th, 2025 @ 9:00 AM Accelevents](#)

Please also mark your calendar for the **GDOT/CEI Small Business Industry Forum**—scheduled for **November 3rd**! Stay tuned for more details to come!

Georgia DOT's TIA program is celebrating 20 transportation projects completed in the River Valley Region and 951 statewide.

The first investment will be a bridge culvert project in Butts County. This project will cost approximately \$3.1 million and will be on State Route 36 at Big Sandy Creek at Norris Creek. The contract was awarded to F. S. Scarbrough, LLC.

Johnny Floyd to be honored with Cordele highway interchange dedication

Longtime Georgia legislator and State Transportation Board member Johnny Floyd will be honored next week with the dedication of an interstate highway interchange in Cordele.

Cordele Highway Interchange Dedication

The Age of Uncertainty: Monitoring Construction Policy Shifts

By the time this article is read, it may be largely irrelevant. Policy is shifting daily, market volatility is acute, and general economic instability is making risky what has generally been a rather strong post-pandemic construction marketplace
