

M. EDWARDS GROUP, LLC

CAPABILITY STATEMENT

CORE COMPETENCIES

M. Edwards Group, LLC (MEG) was incorporated by its managing member, Monte A. Edwards, with the vision of becoming one of the **MOST CUSTOMER FOCUSED FIRMS** in the country in the following core competencies:

PROJECT/PROGRAM MANAGEMENT

MEG helps manage and oversee projects from onset to completion. With experience in Energy Performance, Disaster Recovery/Emergency Services, Telecom and Construction Management, we have the expertise to deliver our customers' vision. We start with strategy sessions that lead to further planning, execution, managing of results and closing out the project(s) or service successfully.

FACILITIES MANAGEMENT

MEG integrates and manages facility personnel, systems, technologies and processes so that its customers can focus on their core business.

DISASTER RECOVERY SERVICES

MEG provides management services in support of the efforts to get communities and evacuees back on their feet after natural disasters.

CONSULTING AND TRAINING

MEG leverages its experience with the aforementioned services to consult and provide training as requested and needed.

With over 100 projects completed successfully, MEG and its leadership brings over 50 years of executive management and project success in the Fortune 50, Inc. 500, and Federal sectors.

M. Edwards Group is poised for significant growth and attainment of its vision due to its solid foundation of experience, leadership, values and partnerships.
