4MG The Magicians

Four Unique And Magical Styles

The Power Of Four!

Each member of 4MG have their own unique style of magic from mind reading to manipulation they are sure to amaze and entertain.

Separately they are amazing and together they are utterly mind-blowing. Whether you are booking 4MG to entertain at your drinks reception or to perform their full show, your guests will be amazed, baffled but most importantly entertained.

4MG

THE BOY BAND OF MAGIC

Magic Right Under Your Nose

Close Up Magic is a style of magic very well suited to a smaller audience so it's the perfect way to entertain and break the ice at a drinks reception, next working event, product launch or even entertain your guests while they are at their tables enjoying their meals.

Close up magic happens right in front of your eyes and right under your nose as they say. Close up magic is a genre of magic that 4MG love. In fact 4MG's BGT audition consisted of just that. Performing magic and mind reading right under the judges' noses which in turn won them 4 yeses and a standing ovation from the judges and the entire Palladium audience!

Harry, *The Influencer*

Harry specialises in magic of the mind. He has studied both human psychology and body language and using the little clues or 'tells' (as Harry calls them) you subconsciously give him he can appear to predict the future, certainly control your actions and definitely tell you exactly what you are thinking.

Harry is a master of sleight of mind. No matter what you keep locked away in your mind, he will find it!

Theo, *The CardShark*

A simple deck of 52 playing cards can perform wonders when in Theo's hands.

Theo seems to have a connection with the pasteboards that is only achieved by very few magicians and these people are card Cardists.

Watching Theo handle and manipulate his 52 friends is like watching a ballet but that is nothing compared to the jaw dropping magic he can perform with them.

Dean, *The Manipulator*

Dean is an award winning magician who's speciality is manipulation.

Studying the magic of the past masters Deans magic is smooth and effortless.

You will be watching in disbelief as things vanish, switch, float and transform right before your eyes!

You will 100% believe you have witnessed real magic when you watch Dean perform.

Josh, The Hustler

Josh is The Hustler and when it comes to Sleight Of Hand you will find no one better. In fact we believe the term “The Hands Are Quicker Than The Eye” could have been written for Josh.

Josh uses his charm and laidback character as misdirection but don't take yours eyes off him for one second of you will be fooled and fooled badly!

4MG The Show

When the boys come together on stage you are treated to a show that is fast-paced, modern, fresh, entertaining and most importantly FUN.

The 4MG show is perfect for after dinner entertainment and show length is customisable from anywhere between 15 mins to a full 90 minute show.

The show mixes all of the boys skills to deliver magic and mind reading with modern stylist presentation.

Perfect if you are looking to impress your guest and clients.

The show also works perfectly for trade shows and product launches.

Trade Shows, Conferences And Product Launches

At trade shows, conferences and product launches the idea is to stand out from your competitors booking 4MG will definitely do that!

4MG will attract and more importantly hold the crowd keeping them entertained while getting your company message over. They will then pass the hot leads to your sales

team at the end of the performance. Working with the 4MG team also means they can customise their presentation to telegraph your USP's to your prospected customers. Even creating custom magic and giveaways to help promote your company and make sure you are remembered.

Brand Ambassadors

Finding the right face for your brand can be hard but with their fashionable and fun loving appearance 4MG could be the perfect choice for you.

4MG are available to be the face of your brand helping you promote it to your target audience and build brand awareness.

All the way from modelling to adding a little magic to your advertisements and social media campaigns.
