# ABOUT COMPANY

PALACETENT has the capability and experience to design, manufacture, deliver and install custom structures. With PALACETENT, you can be sure everything is under control from concept to completion—including cost, quality, and delivery. While we generally have the right standard structure available to meet project needs, PALACETENT can also design custom solutions to meet special requirements. We have the in-house resources to provide a cost-effective solution customized to our clients' needs.

- **Design**  
Using proven engineering software, we can tailor the project to the specific requirements of the site, type of cargo and logistical needs.
- **Production**  
Our steel and membrane components are fabricated with proper equipment and quality control.
- **Installation**  
Pre-engineered and pre-fabricated to make on-site installation by a PALACETENT crew—or your crew—go smoothly and efficiently

# Vision

A To be a global company in manufacturing tents & fabric buildings that meet our customers expectation

# Mission

To Provide Products with high quality, timely delivery and valuable cost through continuous improvement and creative engineering solutions.

# WHY PALACE TENTS ?
