

## To our extended community family,

In these difficult times, we are constantly reevaluating our procedures to ensure your safety, without compromising the quality and service that you expect from us.

We have implemented the following changes:

- 1- Free local delivery on ANY item, regardless of the cost
- 2- Based on the recommendations of the RCBC and local health officials, there will be no seating in Poppy's. We will be serving you only through take out and delivery
- 3- We make our pizza and bagels from scratch in store all day. We will be baking extra every day to insure we can keep up with demand. There is no need to stockpile bagels and pizza :) We will have more tomorrow
- 4- We have purchased extra cases of gloves. Employees will be wearing them even when not handling food
- 5- We have put signs and gloves next to our TCBY frozen yogurt, toppings, and coffee stations for you to wear as you help yourselves
- 6- We have purchased a new self serve credit card reader that allows you to pay without having to touch the terminal

We will update you as the situation evolves

Please let us know if you have any suggestions on how we can better serve you or if you know of anyone that we can help.

Jacob, Evalyn, Carlos, Louis, Batsheva, and Louis
