

Slip Test – Onsite Pricelist

Thank you for allowing us to offer our testing and consulting services.

Safetech Consult is a multispecialist consultancy with a focus in occupational health and safety (OHS), material testing, ergonomics, construction, building, property management and testing materials for disability access. The range of services includes,

- Slip resistance testing and consulting
- Luminance testing and consulting
- Lighting assessments
- Consultation on ceramic tiles, pavers, and natural stone
- Property safety risk inspections
- Construction compliance of materials, stairs and ramps
- OHS compliance audits
- Expert witness in legal proceedings.

Where testing is to be conducted as part of the assessment reporting, tests will be conducted in accordance with the relevant standards outlined in this quote.

The following outlines the scope of works in which Safetech Consult will engage in. Please note that any correspondence between the Client and Safetech Consult relevant to the works, will also be considered when forming the final scope of works, with potential for additional fees to be incurred on the final invoice.

Call-Out Fee

Travel costs associated with works – starting at \$200 + GST, these costs are applied only once for works and are dependent on site location. Please contact the Safetech Consult team to confirm total cost of works for onsite assessments. TBC

Please complete the contract agreement form and return to the issuer of this quote, or to info@safetechconsult.com.au to proceed with works. Written confirmation by email or provision of a purchase order is also acceptable. By completing and returning the contract agreement form, the Client agrees to the scope of works agreed upon through this quote (including the information provided within documented correspondence), and to the terms and conditions, where Safetech Consult is authorised to proceed with works.

NOTES / VARIATIONS

- For multiple tests, bulk discount rates may be applied, please contact for more information.
- Priority testing over existing works may attract a surcharge of up to 100% on top of the quoted price. Please confirm with Safetech Consult on the costs should this be required.
 - Please contact to confirm estimated turnaround times which may range from same day, through to 8 weeks, depending on the sample preparation, testing regime and reporting requirements.
- Services provided are subject to Safetech Consult terms and conditions, by agreeing to proceed with works, you agree to the terms and conditions.
- Please ensure that the following is provided prior to commencement of works to avoid additional fees being incurred,
 - For lab testing works, a completed contract agreement form has been provided, is legible and accurately represents the product description (including colour, size, specimen details), forming a traceable document as required for specification purposes.
 - For onsite assessment works, a clear scope has been provided, with site and client representative details accurate and current (at the time of the works).
 - Testing outside of standard working hours may incur a 50% surcharge of the total fee. Please confirm with Safetech Consult on the costs should works be required to be conducted outside of standard working hours.
 - Travel outside of metropolitan Melbourne will incur a travel fee of at least \$600 + GST, and may include additional costs for flights, car hire, accommodation and incidentals if necessary.
 - Where access is not provided to site or if site contact fails to attend site to allow assessments to be conducted, this may result in a fee incurred of \$300 + GST.
 - Parking fees may be added onto the final invoice.
- Safetech Consult recommends that in situ surfaces be tested on a quarterly basis until a stable result is achieved, with frequencies being extended to annually.
- Please note, in order to maintain good customer service and cost efficiency, payment is requirement prior to the release of results.
- Once approval of works has been granted, an invoice will be emailed with payment options provided within.

We would like to thank you again for your interest in working with Safetech Consult. Please help improve our service and let us know what you think. Safetech Consult wishes to seek feedback from our customers, both positive and negative. This feedback will be analysed and evaluated to improve our management system, testing and assessment activities as well as our customer service. If you wish to leave feedback, then please do so via email – sending your feedback to info@safetechconsult.com.au.
