To Whom It May Concern,

It is with great pleasure the I provide this letter of recommendation for the **Black and Blues Band**, who performed as part of our 2025 Qualico Patio Series.

Firstly, the band was administratively professional, prompt and clear. Very easy to confirm details needed.

As for the show itself, from the moment the band took the stage, the Black and Blues Band captivated our audience with dynamic energy, musical precision, and a soulful delivery. Audience feedback was overwhelmingly positive, as their ability to engage the crowd and create a memorable live experience.

Wholeheartedly recommend the Black and Blues Band for future bookings, as they will reflect positively on the venue and its management.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brett Fraser", with a stylized, cursive script.
