"I started Compassionate Care in 2002. My goal was to create a company that was more personal than business; I wanted our services to meet the needs from simple homemaker tasks and transportation to more personal services such as attending doctor appointments with updates to family members."

Bev Werder, Founder

*"Be kind and compassionate
to one another..."*

Ephesians 4:32

OUR MISSION

Compassionate Care's mission is to serve our clients with affordable, professional, and personal homemaker and companionship services to help them maintain their independence in the comfort of their home setting.

OUR GOALS

To serve God and our clients at all times

To assure all of our clients that they are very special and valuable individuals

To assist our clients in maintaining as much independence as possible

To assist our clients in achieving a high quality of life with dignity and respect

To respect and appreciate our employees—who's care-giving is heroic

To reach for excellence in all that we do

THE SERVICE THAT TREATS YOU LIKE FAMILY

When we purchased Compassionate Care in 2020, we were excited to use our time, experience, and expertise to serve our community's aging generation.

Caring for people has been instilled into us since we were very young. Whether it was helping with grandparents, parents, or family and friends with disabilities, being compassionate was a natural response.

Scott & Sara Hankel
Owners

Our Basic Home Care License with the State of Minnesota defines the tasks we are able to perform.

Our free in-home consultation will determine person-centered services tailored to YOU!

Call 320-231-9868 for pricing questions, or to schedule a visit.

WHAT STEPS TO EXPECT

First, we are required to do an in-home consultation. Meeting with both you and a family member can be beneficial, but not required.

If you decide that Compassionate Care is the right fit for your needs, we will complete and sign the required paperwork together in your home.

Office staff then creates your individual care plan and secures caregivers for your schedule. This can take some time, depending upon caregiver availability.

Communication throughout the time of our service is important; if something isn't right, or isn't what you expected, we want to hear from you.

OUR STAFF

Our personal attendants are carefully chosen, well-trained, and highly attentive to provide for the non-medical needs of those we serve. They are the heart of our business and matching staff/client personalities is our specialty.
