

JOHNSON CREEK VILLAGE

ABOUT US

Customized Care Approach

Johnson Creek Village is a 24-bed community providing a unique home-like environment for seniors living with Alzheimer's and other dementias. Whether your loved one requires full-time assistance or just someone to lend you a helping hand, Johnson Creek Village is here in Dover, NH!

At JCV, we maximize our Resident's quality of life by focusing on the person as a whole not just their brain impairments or diagnosis alone. Our customized care plan focuses on the integration of **physical activity**, **cognitive skills**, **social interaction**, emotional experiences and **elective spiritual worship** to help our Residents live the best senior life possible.

Each Resident has a customized care plan specifically designed by their care team. We put a heavy emphasis on adjunctive therapies which include brain healthy nutrition, music therapy, aromatherapy, pet therapy and exercise to enhance and promote the healthiest lifestyle.
