

Anticipated Funding for LA Local Governments Affected by National Opioid Crisis

January 22, 2026 10:00 - 11:00am
Webinar - Pre-registration Required

This webinar will be the first of two presenting the model used by the Opioid Abatement Administration Corporation to project the proceeds of national and state opioid settlements in hopes of aiding Louisiana local governments with future budgeting and appropriations. The first webinar will serve mainly as an introduction to the model and followed by a presentation at a later date that addresses questions and feedback collected in the interim. This first webinar will provide a brief history of the impact and resulting litigation surrounding the national opioid crisis as well as an overview of the following:

- Known cases in which local governments in Louisiana expect to receive settlement proceeds
- Parties involved with administering the funds collected
- Aspects that affect amounts local governments are anticipated to receive.

HOSTED BY: Louisiana Opioid Abatement Administration Corporation
