## Iran's Doomsday Clock

**Iran Resets "Doomsday Clock".** You may know about the giant "Doomsday Clock" in a public square in downtown Tehran that is counting down the minutes until the total destruction of Israel. It began ticking in 2015, based on a prediction by Iran's long-time supreme leader Ayatollah Ali Khamenei. Something has changed in Iran. The Clock's LED digital display shows only a series of flashing question marks. Iran claims it is only months away from producing nuclear weapons. This has been confirmed by international intelligence communities and acknowledged by a senior U.S. official. Iran boasts it is now one of the "top five countries in the world in the field of combat drones." It has developed several new solid-fuel missiles that can hit targets 1,200 miles away (Tehran to Tel Aviv is 900 miles). Iran now has an active military force of 523,000 sol-

diers in Army and Revolutionary Guard Corps. (Active personnel in the Israel Defense Forces is 170,000.) Iran's political and military leaders now

speaking openly of their immediate plans for the Jewish State.

Magen David Adom 10/26) The Scriptural prophecies let us know that Israel will be here during the tribulation and after their peace treaty is signed by Antichrist, the Temple will be rebuilt in Jerusalem.

## Beheadings During Tribulation

### Desensitizing the World.

Does the act of death by beheading and the much publicity it receives desensitize the world and make a path for Antichrist?

### Syrian Jihadi Fighting for Azerbaijan Says He Was Promised \$100 for Each Beheaded Non-Muslim.

This is yet more confirmation that many Muslims regard the Azer-

baijan/Armenia conflict as yet another front in the global jihad. (jihadwatch.com 11/3)

### India: On Live TV, Muslim University Student Leader Calls for Beheading of Those Who Insult Islam.

This is not an "extremist" view. This is Islamic law. Islam mandates death for non-Muslim subjects of the Islamic state who mention "something impermissible about

Allah, the Prophet, or Islam." (jihadwatch.com 11/1) C

### Canada: Imam Says Beheaded Teacher Was 'Filthy Excuse for a Human Being,' Prays 'O Allah, Destroy Enemies of Islam'.

Kathrada may be issuing a call to action to believers who think it incumbent upon themselves to heed this Qur'anic directive and become instruments of Allah's wrath. (jihadwatch.com 11/1)

## Coronavirus

### Covid Passports Are Coming and Our Civil Liberties May Never Be the Same Again.

The World Health Organization

(WHO) recently admitted that lockdowns cause more harm than good. Instead of admitting that the lockdowns were a mistake, many in the political class, which includes a disturbing number of medical professionals whose positions and prestige depend on government, claim that we cannot return to normalcy until a coronavirus vaccine is in wide use. This suggests that people among the majority of Americans who do not wish to be vaccinated will remain under lockdown or be forced to be vaccinated against their will. Moncef Slaoui, in charge of producing and delivering a coronavirus vaccine, has said that those who receive a vaccine will be monitored by "incredibly precise ... tracking systems." Slaoui is just the latest "expert" to

endorse forcing the American people to relinquish their few remaining scraps of privacy to stop coronavirus. Dr. Anthony Fauci and Bill Gates have urged development of a digital certificate for those vaccinated for coronavirus. People without the certificate would find their liberty severely restricted. Fauci and Gates' digital certificate could, and likely will, be expanded to include proof individuals have received a variety of other vaccines and medical treatments. The digital certificate could even extend to monitoring a person's lifestyle choices on the grounds that unhealthy habits make one more susceptible to diseases...similar to China's social score system which monitors and rates every lifestyle decision you make. ### Minneapolis Residents Sue City Because Police No Longer Protecting Them.

MPD lost a lot of officers to retirements and resignations and has cancelled plans to expand. Unsurprisingly there is a massive rise in crime. (freedomoutpost.com 10/22)

### Death Toll Climbs to 91 in 7 Mag Quake that Hit Turkey and Greece on October 30.

Over 800 people injured as rescue teams search for survivors in rubble of buildings that collapsed in Turkish city of Izmir (ancient city of Smyrna); Israel has offered to assist in rescue efforts. (timesofisrael.com 10/31)

### Canada: Trudeau Government Grants Exemption to Sell Drone Technology to Turkey

Turkey's President Erdogan supports ISIS, is virulently anti-Israel, and is now recruiting jihadists from Syria with plans to

attack Greece. Erdogan called the EU "sick" and "collapsing"; he called French President Macron "mentally unbalanced" for protecting the freedom of speech in France in the wake of a teacher's beheading for offending Islam. Yet Canadian PM Trudeau actually "discussed the issue of WESCAM exports to Turkey with President Erdogan during a phone conversation in April." Trudeau already has a "worrisome record" in advancing the cause of Islamization in Canada. (jihadwatch.com 10/31)

**Mass Deception.** The media accused the LA-based Grace Community Church of being a superspreader of the coronavirus, but after weeks of breathless reporting, only three cases turned up. (freedomoutpost.com 10/26)

**New Data Reveals Just How Many Americans Temporarily Moved To Escape Pandemic.** Moving-focused group MyMove ana-

lyzed data from the USPS about change-of-address requests. By far, this is the most comprehensive snapshot of migration trends during the coronavirus pandemic - revealing nearly 16 million Americans moved between February and July.

**Oregon Leads the Way in Decriminalizing Hard Drugs.** In a first in the nation, Oregon has rejected charging drug users with criminal offenses, with voters passing a ballot measure that decriminalizes possession of heroin, methamphetamine, LSD, oxycodone and other hard drugs. (AP 11/4)

**Unemployment drops to 6.9% and 638,000 new jobs added.** U.S. employers added 638,000 jobs in October, a solid pace as the country continues the push to reopen the economy in the wake of the pandemic recession. (onenewsnow.com 11/6)

## American Christianity

### Biblical Worldview Giving Way to Socialism Among Young Evangelicals.

The head of a ministry that helps Christian young people strengthen their biblical worldview is looking past the 2020 elections to the future - and he says it's pretty bleak. Permanent anti-religious, socialist majority is emerging in the United States, a majority that will be dominant by 2024, and locked in place by 2030," he writes. "Young, church-going Christians aren't fighting this leftward current. They're swimming with it." Evangelical youth are buying into socialism and Marxism without

realizing what it's doing to their faith. When someone says *The government will take care of you just like mom and dad took care of you*, that's a pretty compelling message. Even though they say they believe in God, the worldview they embrace is materialism, only the material world exists. There's no God, there's no Jesus, there's no Holy Spirit, no heaven, no hell. That's the worldview that Karl Marx embraced. (onenewsnow.com 10/28)

**The First Post-Christian Generation is Coming - And it Will Transform America.** Those promising a bright American future

are not looking at the data. Western civilization is on the brink of a long and dark post-Christian moment. (prophecynewswatch.com 10/27)

### More Christian Facebook Pages Come Under Censorship For Biblical Worldview.

Most Americans know that social media engages in conservative political and religious censorship. Facebook's ax came down on Restored Hope Network with removal of all their content with no advance notice, and no explanation. RHN is the world's leading network of Christian ministries serving those with unwanted same-sex attractions. (pnw.com 10/29)

## How Close Are We to the Tribulation?

### Confirmation of the Covenant—Daniel 9:27.

The peace treaties which Israel has signed with some of the Arab countries is not the "Confirmation of the Covenant", but very likely are precursors to that covenant which will start of the seven-year Tribulation. The prophesied confirmation will be identified as a temporary seven-year covenant and will include a solution for the Jerusalem dilemma. It is believed the U.N. or a global power will sign it which will include the Antichrist. Israel will build her Temple on Temple Mount and institute Jewish worship. The Antichrist will cause the sacrifices to cease three-and-a-half years after the signing and will enter the Jewish Temple and claim to be Messiah. That act also called in Scripture the "abomination that maketh desolate," will reveal to the world the identity of Antichrist. (Daniel 9:27, 11:31)

### More Countries Could Reach Peace Deals.

White House Chief of Staff Mark Meadows praised the Trump administration for leading the way to establish peace and stability in the Middle East. "Three countries now where peace is on the way, more countries to come, as many as four to five additional countries perhaps entering into that," Meadows announced. President Trump said that a deal between Israel and the Palestinian region may be on the horizon. (endtime.com 10/30)

**Sudan Joins UAE and Bahrain in Normalizing Relations with Israel.** "This is one of the great days in the history of Sudan," President Trump declared Friday. PM Netanyahu added: "Today, Khartoum is saying yes to peace with Israel, yes to recognition of Israel and yes to normalization with Israel. This

is a new era, an era of true peace. (Jihadwatch.com 10/27)

**Abbas Has Learned His Lesson, Tones Down Criticism of Sudan.** When the UAE and Bahrain announced their normalization agreements with Israel, the PA was quick to denounce both as "betraying Jerusalem and the Palestinian issue." They were further accused of "stabbing the Palestinians in the back." This did not have the desired effect. Both the UAE and Bahrain, as did people in other Gulf states, including the Arab League denounced the PA. Their response to Sudan has been muted. (jihadwatch.com 10/28)

**Saudi Normalization Ties Close.** U.S. mediated normalization talks between Israel and Oman are reportedly close to achieving a breakthrough. There could be major developments following the U.S. presidential elections according to Yossi Cohen, Director of the na-
