APOSTOLIC FAITH CHURCH

Look Up!

I shall see Him, I shall see Him,
As He is
In all of His majesty and power.
I will hear Him say, "Well done;
Enter in, the victory's won".
When I see Jesus face to face.

"Fear not, little flock; for it is your Father's good pleasure to give you the kingdom." (Luke 12:32)

The signs of the coming tribulation will continue to increase and become more intense until our Lord appears to catch the church away. What a glorious day that will be! But for those left behind, the intensity of turmoil, pain, and sorrow will increase greatly. Right now is the day of salvation. Right now each

person must make his choice about eternity. Right now we can choose life, peace, and blessings or on the other side of the coin, death, destruction, and terror. Repent, turn your life over to Jesus, have your sins washed away by water in His name, open your heart and receive the Holy Spirit which will guide you into all truth. Receive the overwhelming security, peace, and joy found in the Holy Ghost. Each of us must decide on our eternity while there is time.

Who Will Start The First Major War Of

2023? Tensions are on the rise all over the planet, and global conflict will be one of

the big trends that we will all be watching in 2023. That is extremely unfortunate, because more global conflict won't be good for any of us. Will it be Serbia/Kosovo, or North Korea/South

Korea, or China/Taiwan, or Iran/Israel, Russia/Nato nations? Threats and ultimatums are flying amongst these and other nations. (prophecynewswatch.com 12/29)

World Peace. How many days of world peace has there been since the end of WW1? Maybe 100, 50, 25? Unfortunately, the world has not been at peace in the past 100 years. There have actually been no days when there has not been some kind of conflict occurring someplace on earth. (answers.com). Right now there are at least 300 "wars" happening. Man has always fought each other since Cain slew Abel. Others have claimed as many as 26 days of peace since WW2 simply because of the difference in their definition of "war". (history.answers.com/military-history/)

What About America? America has been at war 93% of the time, 222 out of 239 years, since 1776. The U.S. has never gone a decade without war. The only time the U.S. went five years without war (1935-40) was during the isolationist period of the Great Depression. (historyonline.com) <<>>

The Luciferian spirit influences the chaos, riots, murders, and wars. Only when the earth is ruled by Jesus will earth's inhabitants enjoy peace.

Of the 1.7 trillion, \$1,700,000,000,000, that is *trillion with a T*—apportioned for spending next year, no less than \$575 million of that is set to go toward

"family planning" and "reproductive health" initiatives, specifically "in areas where population growth threatens biodiversity or endangered species." According to Representative Dan Bishop, these depopulation provisions are "sinister" in that they set the stage for expanded access to abortion in key areas of the country that the globalist elite believe are growing too fast.
