The World Openly Worships Lucifer! Symbolized by the Rider on the White Horse.

Anyone who saw the Olympic opening ceremony knows that all the symbolism openly defies God. There is no doubt we are living in the last days of human government. The Olympic ceremony portrayed the white horse with its rider, the Antichrist, seen in the opening of the first seal in Revelation 6:2. The Antichrist will enter the scene as a man of peace with the answers to end the chaos and solve the problems. The seven-year Tribulation will start when the Antichrist confirms the covenant (Dan 9:27), which likely will be called a peace treaty, between Israel and her enemies. It will allow the Jews to build their third Temple on the temple mount, and given the opportunity, they will waste no time to construct it since they are already prepared to do so. Construction of the Temple will be completed during the first half of Tribulation, and will be ready for the daily sacrifices. In the middle of Tribulation the Antichrist will show his true colors and cause the sacrifices and oblations to cease. (Dan 9:27, 12:11). He will sit in the Temple claiming to be god and requiring the worship of every person.

Turkey's Erdogan Threatens to Invade Israel.

Turkish President Erdogan threatened on Sunday to invade Israel in order to support the Palestinians as the IDF continues to battle Hamas terrorists in Gaza, *The Times of Israel* reported. Turkey is a member of NATO, which includes some of Israel's closest allies. (newsmax.com 7/27)

Remind Me Again: Why Is Turkey Still In NATO? Turkey was allowed to join NATO both because it was then a democracy and because it had

chosen to help the West against the Communist bloc, as it demonstrated in sending troops to join NATO forces in the Korean War. Under Erdogan, Turkey is no longer a functioning Western democracy (jihadwatch.com 7/21)

Is Germany Preparing for War?

After Russia invaded Ukraine two years ago, fear and unrest spread across Europe. A ground war on European soil conjured up memories of the past. "Civil servants have been ordered to work up new concepts for strengthening underground car parks, railway stations and basements to act as possible sanctuaries in the case of conflict." German states received €88 million for new air-raid sirens. Bible prophecy reveals what is to come. Yes, fear, but also a time of lasting world peace to follow. (twnews&prophecy.com 8/2)

'Really Chilling': Five Countries to Test

European Vaccination Card. Five European Union (EU) countries in September will pilot the newly developed European Vaccination Card (EVC), which "aims to empower individuals by consolidating all their vaccination data in one easily accessible location. The pilot program marks a step toward the continent-wide rollout of the card, according to *Vaccines Today*. Belgium, Germany, Greece, Latvia, and Portugal will test the new card in a variety of formats, including printed cards, mailed copies, and digital versions for smartphones. The program aims to pave the way for other countries by harmonizing vaccine terminology, developing a common syntax, ensuring adaptability across different healthcare settings, and refining EVC implementation plans, *Vaccines Today* reported. The plans will be made public in 2026, "extending the EVC system beyond the pilot phases and enabling broad adoption across all EU member states." The pilot program marks a step toward the continent-wide rollout of the card. (childrenshealthdefense.org 7/30)

The UN Will Sign the Pact of the Future in Less Than 60 Days. In September the United Nations' 79th General Assembly will host the

highly-anticipated Summit of the Future where nations will sign the *Pact of the Future*, representing a major step towards the creation of a world government. The general public seems dangerously unaware of the UN's plans for the Summit of the Future. It is at this summit where member states are expected to declare a "planetary emergency" as part of the so-called *Pact for the Future*. The summit has been in the making since at least 2022 after repeated calls by UN Secretary-General Antonio Guterres to shift financial resources to rapidly complete the Agenda 2030 goals set by the UN in 2015. The Summit of the Future website says the outcome of the *Pact for the Future* will be "a world and an international system that is better prepared to manage the challenges we face now". It is likely to be another piece of the shift towards a world governed by unelected internationalist politicians. (prophecynewswatch.com 7/29)

The Power of Control

Ancestry.com, Blackstone, and WEF's Genetic Grab of Your DNA. Blackstone, the entity which purchased Ancestry.com in 2021, is involved in real estate, credit, infrastructure, hedge funds, and insurance. As of May 2024, Blackstone manages more than one trillion dollars in total assets, making it one of the largest investment firms globally. Blackstone, which now owns Ancestry.com, was co-founded by Peter Peterson and Steven Schwarzman; both had been colleagues at Lehman Brothers. Blackstone and Blackrock are separate entities. However, in 1988, Blackrock originally started under the umbrella of Blackstone. Blackrock was founded by Larry Fink, who worked at Blackstone with Schwarzman for five years, from 1988 to 1994. Blackrock, the largest asset manager globally, manages over \$5.4 trillion. Both companies have a present and firm connection to the World Economic Forum (WEF). Blackrock's connection

to the World Economic Forum comes from CEO, Larry Fink, who sits on the WEF Board of Trustees.

The ESG Agenda. In 2023, Fink spoke at the WEF annual meeting in Davos focusing on the World Economic Forum's "Environment, Social, and Government (ESG) agenda" which is the beginning of a social credit score system. When the Central Bank Digital Currency system (CBDC) is implemented, one's social credit score will eventually dictate how much of your funds you can access and how you may spend those funds. Your social credit score will revolve around how much you follow the guidelines put in place by the powers that be. You will be "scored" on how you live and on how you jump through their hoops.

Agenda 2030. Getting back to Blackstone's purchase of Ancestry.com, does this purchase of millions of digital records of people's DNA have the ability to be connected to the

agenda of the World Economic Forum? The answer is yes. Blackstone CEO Steven Schwarzman is a member of the International Business Council of the World Economic Forum and now owns Ancestry.com. As a board member, he is critical in fulfilling the WEF's global agenda. Through its partnership with the World Bank, the United Nations, and businesses like Blackstone and Blackrock, the WEF now has access to billions of DNA records. This means it has the means to control the world's finances, credit scores, housing, food production, healthcare, gender equality, and education--all to fulfill the 17 areas of the 2030 Agenda for Sustainable Development.

Once again, another piece of the puzzle has been put in place as the world heads towards establishing a future one-world Antichrist system. The good news is Jesus also has a plan, and His plan for the future will not be stopped. (prophecynewswatch.com 7/27)

2024 Summer Olympics

The Paris Olympics was Anti-God and included nudity, blasphemy, idol worship, antisemitism, sexual perversion, and other things God hates...but Satan loves.

We are getting close to the rise of Antichrist.

The FCC Complaint against NBC for obscene and indecent content was filed by Judicial Watch President Tom Fitton and reads, in part: NBC and its various stations/outlets on TV, cable and Internet carried (and continues to make available) the Olympics Opening Ceremony on July 26, which included an adult male purposefully exposing himself in the presence of a child/children. This content is both obscene and indecent and was aired during viewing hours when it was likely seen by millions of children and minors. The obscene/indecent content occurred during a portion of the ceremonies that mocked Jesus Christ and the Last Supper (with homosexual and transgender persons replacing Jesus and His disciples). The Olympics was forced to issue an apology over the content. (judicialwatch.com 7/29)

'Genocide Olympics': 'Heil Hitler' Salutes Greet Israeli Athletes. French authorities have announced an investigation into the apparent "Heil Hitler" salutes that appeared at the already-troubled Paris Olympic Games now taking place. The *Jewish Telegraph Agency* reported fans waved Palestinian flags and gave Nazi salutes this week during the playing of Israel's national anthem before the Israeli's soccer match against Paraguay. The probe comes as French police already were looking into death threats against three Israeli athletes. (wnd.com 7/30)

You Don't Have to be Christian to Loathe the Opening Ceremony. The current civil war within western civilization is between the Left and the Bible'. I am a Jew, not a Christian. Yet I found loathsome the mockery of the Last Supper, one of the holiest scenes in the New

Testament, during the opening of the Olympics. Indeed, if only Christians were offended, there is little hope for civilization. (wnd.com 7/30)

Olympics Appear LGBTQ Community. The opening ceremony for the summer games on Friday night included an elaborate street dance scene that showed men lovingly embracing each other as they cavorted onto a bridge across the Seine River. One of the prerecorded dance segments involved three dancers in gender-ambiguous costumes running through the streets of Paris and into a building. The segment ended with the three, two males and one female, nearing each other in dramatic kisses, then entering a room to further their amorous acts, according to *The Jewish Voice*. *Fox Sports* reported that the Olympic flame was carried by drag queens. Later, with another opponent, he dislocated his arm which some pro-Israel supporters described as "karma". (jihadwatch.com 7/29)
