

The Endtimes Are Now!

News headlines related to biblical prophecies about the end times.

*This world is not my
home, I'm just a-passing
through,
My treasures are laid up
somewhere beyond the
blue;
The angels beckon me
from heaven's open
door,
And I can't feel at home*

It Won't Be Long

Because much of the end-time prophecies in the Scriptures concern God's judgment of rebellious, evil humanity, and Satan's world leadership through antichrist, it is understandable that the news events of this day, just prior to the tribulation events, are mainly negative. We need to be aware of them, but should not dwell on them because also included in the end-time prophecies are glorious victories for the church and eventually for Israel. We should occupy our minds with the catching away of the bride of Christ, Jesus' return to earth to end the battle of Armageddon and setting up HIS world kingdom in the earth where there will finally be peace on earth and good will to men. We should work now as never before for the kingdom of God because our time on this earth is short.

*"For yourselves know perfectly
that the day of the Lord so
cometh as a thief in the night."*

5. Describes God's Plan
6. Demonstrates God's Might
7. Proves God Is Worthy
8. Promises Evil Will Be Punished

The Culture of Hatred

ISIS-K Just Dragged Iran Into Afghanistan's Jihadist Civil War

The Taliban and the local version of ISIS (ISIS-K, a splinter group of the Taliban) kicked off a civil war in which the ISIS-K strategy was to drag Iran into the fighting. Initially, ISIS-K did this by bombing Shiite mosques in Afghanistan. When that didn't do the trick it really stepped up its game by carrying out a double suicide bombing at a memorial ceremony for Iran's dead jihadist leader Qassem Soleimani. This is a big win for ISIS-K which managed to strike a top target linked to the Iranian regime. Iran will now have no choice but to strike back. Earlier this year, the Taliban and Iran had begun fighting a border war over water rights with a few dead on both sides. If we get the order, we "will conquer Iran within 24 hours," a Taliban commander bragged. "Iran is flirting with the West. In reality, Iran has teamed up with the West. Iran should know that if they cross our red lines, we will erase them from the map of the Earth." (jihadwatch.com 1/5)

Justice Dept Ordered Stop Investigating Po- Hamas/Antisemitic Activities

A report by the Washington Free Beacon claims that the US Justice Department issued a "stand-down order", telling federal law enforcement and US attorneys to stop investigating "incitement, violence, and vandalism" committed by Hamas supporters who hold US visas. (israelnews365.com 1/6)

A Growing Culture of Hate. As we look at the current war in Gaza, we see the results of teaching children to hate Israel and glorifying terrorism from their very young years, even in school (Council on Foreign

Relations 5/1/17). In response to the violent Hamas attacks, we also see young Israeli rap artists encouraging their listeners to move from despair and mourning to anger (Jerusalem Post, 12/16/23). Hate is emerging as a driving force for violence between nations on the world stage. We also see anger and hate motivating mass shootings and killings in locations all over the world. The BBC recently published an article calling for an end to the "culture of hatred." The article follows the story of a Scottish mother living in Colorado with her American husband and 23-year-old son. The son was recently shot and killed by a 15-year-old during an argument. The mother observed, I don't believe for a minute that changing the gun laws would solve the violence in America, but I feel that today within the teenage youth there's a terrible culture of hatred. She is right! The Bible warns that "in the last days perilous times will come," saying that men will be "lovers of themselves," as well as unthankful, unholy, unloving, and "without self-control" and "brutal" (2 Timothy 3:1-5). As society descends further from God, the Bible reveals that a "root bearing bitterness" or hatred would settle in (Deuteronomy 29:14-19). The Scriptures also warn that hatred is a "work of the flesh"—a fruit of those who chose to live apart from God's laws (Galatians 5:19-21). (twnews&prophecy.com 1/5)

A Divided America

Have You Seen Anything Like It?

Division in our once civil America is unlike anything we've seen. Is it a precursor to the fall of our great nation which was founded on the Judeo-Christian principles? Divisive labels abound everywhere-conservative/

"And if a house be divided against itself, that house cannot stand." Mark 3:25

liberals, right wing/left wing, extremist/socialists. Basic issues like the sanctity of life, dignity of marriage and freedom of religion are hotly contested." The Media attacks and cancels those voices they disagree with. Demonic spirits create havoc, chaos, endangerment in so-called "peaceful" protests. Our country is invaded by millions of law-breaking illegal immigrants, and so much more.

The Far Left Has a Dark Dream, Both Jews and Christians Are in Grave Danger.

This is everything we've been warning you about, and it's happening right in front of our faces! The left's anti-Christian and antisemitic agenda is being ramped up dramatically, and it's frightening. Antisemitic incidents

in the US rose by 400% in the two weeks after the October 7 Hamas/Israel war began.

(reuters.com 10/25) It's because of the massive and growing movement by the left to systematically dismantle religion and banish God from the lips, minds, and hearts of the faithful, to remove His holy name from our civil society, even destroying religious symbols and artifacts along the way. Make no mistake, their target is Jesus, and their diabolical plan is to subvert Christianity and lead Christians astray, pervert Bible teachings and twist them to fit their sick agenda. They're known by different names, the Christian left, progressives, and woke Christianity, but don't be fooled. Parading around as fake Christians, these devils in disguise are luring faithful believers into abandoning traditional interpretations of the Bible in matters of gender, marriage, racial equality, and more. What's worse, Scripture is their weapon. And this systemic shift of the church toward wokeness is a gradual evolution that went quietly unnoticed, elevating Jesus' humanity over his divinity so people accept their woke, sin-ridden gospel. Nearly Half of Illegal Immigrants Arrested in US in 2023 Had Multiple Criminal Charges, Convictions. As a result of the US reckless open border policies the federal agency charged with enforcing immigration

laws inside the US is getting slammed and discloses in its latest annual report that enforcement arrests nearly doubled in fiscal 2023 which ended in September. Immigration and Customs Enforcement arrested in the US 170,590 illegals with almost half of them having criminal records and including dozens of known or suspected terrorists. This does not take into account the millions of illegals who are here and we know nothing about them, not their names, not their country of origin, nothing. (judicialwatch.com 1/4)

The Valley of Jehoshaphat and Biden's 2-State Solution

Imagine that a genocidal Mexican regime attacked the US, overwhelming border patrol with thousands of terrorist fighters, who then raped, tortured and murdered over 1,200 innocent American men, women and children throughout southern Texas, while also taking hundreds of Americans hostage. Imagine that 83% of Mexican-Americans living in Texas proudly approved of the attack, saying "violent American oppression of Mexicans will inevitably lead to resistance." And imagine that President Biden responded to this by calling for a "two-state solution," in which parts of Texas would be separated from the United States and become a new, independent country, claiming that this will bring peace and stability to the region. If what I'm saying sounds implausible or crazy to you, you haven't been paying attention to the war in Israel. After Hamas terrorists raped, tortured and murdered over 1,200 Jews on October 7, 83% of Arabs in Judea and Samaria stated that they support the atrocities that Hamas committed on that dark day. Yet President Biden, unbelievably, has repeatedly declared that Israel must go forward with a "two-state solution," in which the Arabs of Judea, Samaria and Gaza – whose goal is the genocide of Israel – will be given an independent state in Judea and Samaria, the biblical heartland of Israel. A two-state "delusion" would bring unspeakable horror and destruction upon the people of Israel. It would also directly violate God's will that the land

of Israel belongs to the people of Israel – a sin that was foretold thousands of years ago by the prophet Joel. The third and final chapter speaks to our present day, when the people of Israel have returned to their land and are an independent state. Even now, the nations of the world cannot stop themselves from arrogantly meddling in the affairs of the Jewish state. "I will gather all the nations and I will take them down to the Valley of Jehoshaphat, and I will contend with them there concerning My people and My heritage, Israel, which they scattered among the nations, and My land they divided." (Joel 3:2) The land of Israel – Judea, Samaria and Gaza included – is the biblical and historical homeland of the Jewish people, who have maintained a continuous presence in the land since ancient times. No other nation has ever governed the Land of Israel as a local sovereign entity. By contrast, the Arabs living in these areas have no historical claim to the land of Israel. There has never been a "Palestinian" national entity in the land. While Arabs who are loyal to the State of Israel may be granted full individual rights, there is no legitimate Arab national claim to any part of the holy land. Inevitably, the creation of an Arab state would lead to the expulsion of Jews from their ancient biblical homeland. Yet pompous Western leaders insist that Israel must divide its already small land and create yet another Arab terror state in its midst. Joel 3:13-17 describes the punishment of those nations that betray Israel, and it is not a pretty picture. (israelnews365.com 12/31)
