Great Britain And The New Digital Order

Mandatory Digital ID is Here! **UK is First Domino to Fall in** **New Digital Order.**

Just last year, the UK government promised citizens there would be no national identity cards. The idea was politically radioactive - a symbol of Big Brother surveillance, of a state watching every citizen. Yet now, the government is preparing to announce digital ID mandatory for all adults, transforming a once-unthinkable intrusion into an impending reality. Imagine walking into a grocery store, a bank, or even your doctor's office and being told, "Access denied. Digital ID not verified." The lights flash red. A clerk shakes their head. Suddenly, your life is on hold. No money, no rent, no appointments. A small app or card has become the master key to your entire existence. This isn't fiction. It is the path the UK is racing toward. Until recently, ministers insisted digital identity schemes were off the table. Even after lobbying from senior figures, Labor publicly rejected any plan. Today,

however, the "Brit Card" is being promoted as a solution for immigration enforcement, border control, and broader social administration. Such a rapid shift should set off alarm bells. Officials have studied Estonia's model, where citizens receive a digital identity at birth, used across banking, voting, healthcare, and taxation. But the UK's system could go far beyond: linking immigration, welfare, banking, housing, healthcare, and commerce into a single, centralized framework. What starts as "convenience" or "security" hides a far darker reality. A compulsory digital ID centralizes unprecedented power over every citizen. Now imagine pairing this system with government-issued digital currency. Every transaction could be monitored, restricted, or frozen in real time. Economic freedom disappears; your ability to buy, sell, or work depends entirely on government consent. Society becomes dependent, traceable, and controllable at the keystroke

of the state. For those who read scripture, the warnings are stark. Revelation 13 describes a time when no one can buy or sell without the mark -- a digital seal of allegiance. Mandatory digital IDs, especially when paired with digital currency, echo this chilling vision. What begins as a "logical" fix for immigration could rapidly evolve into total societal control. Europe will watch the UK closely. If this experiment succeeds, it will likely spread quietly, normalized under the guise of efficiency, safety, or progress. Once citizens submit, rolling it back becomes nearly impossible. Once digital oversight and currency merge, the line between safety and servitude can vanish overnight. The choices made today will echo for generations. (prophecynewswatch.com 9/26) This is NOT the mark of the beast, but this system or one similar will likely be used by the Antichrist for total control after the church is raptured.

Can You Only Imagine

On a daily basis our news reports many stories on shootings, stabbings, rioting, burning cars and buildings, rape, child and adult trafficking, wars, hatred, a great falling away from the church, and people following the spirit of the coming Antichrist.

Stop a moment! While the world is on fire, God's church has peace and security, awaiting the sound of the trumpet when we'll be changed. Can you only imagine what it will be like when we see Jesus face to face and the magnificent glory of God envelopes His Bride. Snatched from this earth in a nano second while the inhabitants left behind suffer trouble much, much greater than what we see now.

Can you only imagine what it will be like when seven years later we return to earth on white

horses with Him and He judges the wicked and ends the Battle of Armageddon. And thereafter God sets up His Kingdom on earth which will last a thousand years. Can you only imagine a world filled with love and worship of our One True God. A world without riots, without wars, without hatred; a world that is safe, a world in which even the animal kingdom will be tamed and at peace. Can you only imagine a world where Jesus will rule the nations, a time when peace and security reigns. It will happen and is almost beyond our comprehension... but it will happen. We choose now whether we will be part of Jesus' Bride snatched from this earth, or whether we will be left behind and face the torments of what coming for the wicked. Can you only imagine!

Normal Won't Return: But Jesus Will!

Sooner Than Many Think!

What is the Significance **of a Third Jewish Temple** **on Temple Mount?**

To the orthodox Jew who has not acknowledged Jesus as Messiah, a third Temple is viewed with great hope. The third Temple has been prophesied in the Scriptures, and they look forward to returning to their rituals and animal sacrifices though Luke 16:16 states, *"The law and the prophets were until John: since that time the kingdom of God is preached, and every man presseth into it."* The Messiah they rejected fulfilled the law. The third Temple is where the Antichrist will declare himself God.

To the liberal, nonbelieving Jews, it may have little meaning, except perhaps as a beautiful, historic building.

To the Messianic Jew who acknowledges Jesus as their Messiah and to Christians who believe in Jesus, the third Temple is a signpost letting anyone willing to study the Bible know the nearness of the Rapture and Tribulation. During the early part of the Tribulation, the Antichrist will enter into a peace agreement with Israel, with the building of the third Temple as a part of the agreement.

To those who are born again of water and the Spirit, and living in anticipation of Jesus' appearing for the church, the preparations which are being made for the third Temple are both a signpost and a warning! Check and double check your lamps. The bridegroom is about to appear!

We're Getting Closer to the Rapture and Tribulation!

Israel and Hamas Sign First Phase of

Gaza Peace Plan. October 13, the hostages are home, the cease fire is in effect, Israeli troops have withdrawn to the first line agreed upon, thousands of Gazans are returning to their homes, and Gaza relief is opened. The talks were mediated by the US, Turkey, Qatar, and Egypt and the leader of each country signed the agreement. Steve Witkoff and Jared Kushner were the negotiators on site for the US. The US government has also constituted an international body that will oversee the implementation of the 21-point agreement. The one and only name which the White House has announced to oversee the Gaza Peace Plan's implementation so far is globalist Tony Blair, former UK Prime Minister. Others will be announced as they are selected.

This is NOT the Antichrist's seven-year covenant prophesied in Daniel 9:27, nor does

it concern the rebuilding of the Temple in Jerusalem. It is a peace deal to end the two-year war between Hamas and Israel. (beholdisrael.com, cnn.com, timenownews.com)
