## Come Unto Me,

*All ye that labour and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me; for I am meek and lowly in heart: and ye shall find rest unto your souls. For my yoke is easy, and my burden is light. (Matt. 11: 28-30)*

In the midst of turmoil, chaos, and fear, there is rest and peace in JESUS. Yield to Him today!

## Are You Watching the Clock?

### **85 Seconds To Mid-night? God's Clock Tells A Different Story.**

The world is holding its breath. The Bulletin of Atomic Scientists has moved the "Doomsday Clock" the closest humanity has ever come to total annihilation since the clock's creation nearly 80 years ago. The headlines are terrifying. The U.S.-Russia arms treaty is expiring, atmospheric carbon dioxide is at record levels, AI-driven misinformation spreads like wildfire, and global tensions are rising. Yet for the Church it is a reason to look up. While secular warnings paint humanity as helpless, Scripture show God is sovereign, history is not random, and the end of the age is not a mystery hidden from His people. In fact, God has

laid out a perfect, unshakable timetable, visible through His prophetic Word. Ultimately, the fulfillment of prophecy, especially through Israel, should inspire vigilance, not panic. Every war, every natural disaster, and every geopolitical flashpoint aligns with what Scripture foretold. The Doomsday Clock may terrify the world, but believers can rest in the certainty that history unfolds under the guidance of the Almighty. Humanity's plans are fragile, but God's plan is unshakable. While the world worries about catastrophe, Christians are reminded that nothing happens outside God's sovereign control. The end is approaching, yes, but it is precisely timed, perfectly mapped, and guaranteed to fulfill God's promises. For those who watch God's clock, there is no fear, only hope and assurance. ## Earthquakes And Pestilences Matthew 24:7

### **California Is Shaking Again - Why The Next Big One Won't Just Stay in California.**

In recent weeks, seismic activity along the Pacific Ring of Fire—particularly along California's coastline and inland fault systems—has intensified. What many hoped would be a brief period of tremors has instead become a steady drumbeat of geological reminders that California sits on borrowed time. A major earthquake would immediately rattle financial markets. Stock exchanges would plunge. Supply chains already fragile from years of global instability would snap. Food prices would rise nationwide. Fuel costs would spike. Shipping delays would ripple across the economy. At the same time, America's global posture would weaken. (prophecynewswatch.com 2/3)

### **Cartels Use Animal Tranquilizer Produced in China to Make Fentanyl More Addictive.**

Medetomidine, a powerful animal sedative used by veterinarians, is fast becoming the adulterant of choice for drug cartels pushing fentanyl on American streets. Also known as "rhino tranquilizer," medetomidine is showing up more frequently than its cousin xylazine, a pain reliever, in the illicit drug supply in places such as New York, Philadelphia, and Chicago, according to public health alerts. Medetomidine is up to 200 times more powerful than xylazine, can keep people unconscious for hours, and require ICU during recovery. (theepochtimes.com 2/2)

## The Coming Man of Lawlessness

"Let no man deceive you by any means: for *that day shall not come*, except there come a falling away first, and that man of sin be revealed, the son of perdition; Who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, shewing himself that he is God." (2 Thess. 2:3-4)

This occurs during the Tribulation from which the Church is absent. Yet, what we have seen playing out on the streets of Minneapolis is a dress rehearsal, subdued compared to the lawlessness and turmoil in the Tribulation. It is setting the stage for the Antichrist. He won't have to rent-a-mob—and be assured, many rioters are hired guns making good wages. When he reigns, much of the world will be lawless, godless, tumultuous, and confused. Antifa will be the normal! Anti-ICE demonstrations will be mild in comparison. With the restrainer gone, there will be nothing to hold back the evil, selfishness, and out-of-control behavior! The world will glory in utter chaos. What we have now is a trial run that is a weak fire cracker in comparison. Multiply it by ten or a hundred or a thousand!

The good news is that God will consume the Antichrist and his minions at the end of the Tribulation with the brightness of His coming!

Author Terry James writes, "The rage makes clear the existence of *the* antichrist spirit in high places that continues to do everything to bring America and the world into the configuration Satan wants to establish for his soon-coming antichrist platform. At the heart of the minions' effort, is destruction of moral values and norms based on Judeo-Christian concepts." "Cultures and societies throughout the world—especially in America—must be altered drastically to pave the way for the coming antichrist regime."

"Just as we witness the antichrist spirit surging, we, as born-again believers, should have a surging sense of excitement and comfort. Redemption is near".

"Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ" (Titus 2:13)

# “...When They Shall Say Peace and Safety...”

## **Kings Without Kingdoms: Is the Board of Peace a Part of Bible Prophecy?**

The Bible describes a future period in which authority is concentrated not solely in a limited number of powerful figures who operate beyond national boundaries. And that is why I am paying close attention to President Trump's Board of Peace. Here are some facts: 1) Global peace seems to be their goal, though they will participate in other global duties as well. Their immediate focus will be Gaza though there was no word about Gaza in the charter. 2) A lot of Godless people seem to be in charge such as Steve Witkoff, Jared Kushner, Tony Blair, and other movers and shakers. Most have a worldly view of the world and of “peace”. 3) Though originally announced as the international body created to oversee the rebuilding and initial governance of Gaza, the document curiously never mentions Gaza. Why not? Does President Trump envision this as the beginnings of an alternative or replacement to the United Nations? At face value, that sounds like a great idea! 4) The price tag for a nation state being a member is \$1 billion. That eliminates some third world countries and maybe that is good. They will have to watch from afar. 5) Most European countries, including the United Kingdom, France and Germany, have declined a position on the board, leading to significant dominance of the Middle Eastern Arab states as

And the ten horns which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast. These have one mind, and shall give their power and strength unto the beast. (Rev. 17:12-13)

members. 6) Israel is invited but is outraged to be on a platform with the likes of Qatar and Turkey. 7) President Trump will serve as chairman and wield considerable overall control. It will help resolve conflicts globally. He has the sole authority to invite new members and appoint a successor. 8) The Board of Peace will be run by artificial intelligence and is clearly preparing for the mark-of-beast system. It seems to be setting up the Antichrist's end-time system. 9) The newly established Board of Peace is organized into a tiered hierarchy of multiple levels of oversight committees. 10) Russia has been invited. How can a country engaged in a brutal war be a part of a Board of Peace? 11) The Pope has been invited. An end-time establishment is surely not complete without participation from the Vatican! The world awaits a spiritual leader! 12) The Board of Peace seeks to promote stability, restore dependable and lawful governance, and secure enduring peace in areas affected or threatened by conflict. 13) Questionable and shady organiza-

tions such as the *World Economic Forum* may participate. These people aren't elected and are shady globalists. It has many “kings without kingdoms”. 14) *Prophecy News Watch* says it best: “A peace guaranteed by outsiders. Power consolidated in elite hands. Decisions about Israel made far from Jerusalem.” A world growing comfortable with governance by committee rather than covenant. 15) Since organizers claim it will solve all the world's problems, it is Tribulation-esque and could be preparing the way for a global leader. No, President Trump is not the Antichrist since he does not have the biblical qualifications, but the Antichrist likely is alive and working in the shadows. In his first three-and-a-half years, he will be known as the peace maker.

“For when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape.” (1 Thess. 5:3)

Again, quoting *Prophecy News Watch*, “Daniel speaks of a ruler who arises suddenly, wields influence disproportionate to his origin, and plays a decisive role in confirming agreements that directly impact Israel.” (See Dan. 9:27) The Board of Peace will undoubtedly shut out the Prince of Peace and thus will fail.
