My heart is just a little sad...crazy I know but I am coming to terms with the fact that I may never see you again and it's just hard. But I am truly happy for you, I swear, I promise. [Quoted text hidden]

12/30 Yes it was different I was the one willing to move to California to be with you I was the one that wanted you to move here with your children and we can start something I'm the one that was offering to be with you and wanted to be with you

I do still have mad love for you and you weren't one of many... Just realize my only option with you is hermit...please know I wanted to run off with you.. You said no and I still stuck in there. [Quoted text hidden]

Ok sounds good. What do I do? I just can't have a live in boyfriend this early, I haven't even filed yet. I do understand. But what is my plan you tell me, what is your plan? To contact me between girlfriends ? I'm just asking so I know what you expect of me

With me for A couple of days. Would've been nice but then just back to solitude for me Understood, I wish I could give you more today but I can't.

I will miss you.

I will let you know when she goes back to Australia if you would like to still remain friends I would love to talk to you if you don't want me to contact you anymore you've got to let me know.

I want you to contact me.

I do still have mad love for you and you weren't one of many... Just realize my only option with you is hermit...please know I wanted to run off with you

Just to be honest, I am not sure I can do this but I will give it a try. I am already feeling my wall go up I have a sledgehammer [Quoted text hidden]
