

CRIMSON SOFTBALL SPONSORSHIP

Crimson Softball is the current booster club for the Kofa High School Softball program. It operates independently on behalf of the student athletes involved in the softball program. Kofa High School Athletics covers costs such as AIA fees and in-season transportation to away games. The team must cover expenses that include up-to-date training equipment and tournaments (tournament registration fees, transportation, and lodging). Our program needs for this year are a new pitching machine, tournament costs, portable nets, equipment bags, team apparel and an end of the year banquet. Below is the sponsorship information for purchasing a company and/or personal banner. Please let me know if you have any questions.
