

I have been with Commoncents Office since 2019 when my business reached the point that I needed a professional to take over my bookkeeping responsibilities.

Knowing this side of the business is handled, I have been able to concentrate on other aspects of the business.

It is also nice that Laurie, owner, keeps her clients up to date on current HR policies that normally I may have overlooked which is just an added part of her services. If you want a bookkeeping service that works with you and is always available to answer questions, I recommend Commoncents Office.
