Laurie at Common Cents Bookkeeping

Hello to all,

Hope this letter finds you well! I wanted to drop you a quick note about Laurie at common cents Bookkeeping. She person has been handling all our books at One Chance Metal Works for 3+ years and I can't recommend her enough.

First off, she is very communicative and know her stuff. I don't know how she does it, but everything always adds up, and the financial side of things runs like a well-oiled machine. I have zero stress about making sure my books are accurate and my asset sheet is up to date. Laurie has it covered.

But it's not just about the numbers. Laurie is super easy to work with. Always has a great attitude, always willing to help out, and always get you the answers you need in a timely manner.

What I really appreciate is that Laurie isn't just about the job. They care about the team and the company as a whole. She is willing to do stuff that has nothing to do with bookkeeping to make sure the company is doing the right thing and staying compliant in so many different avenues of business.

Honestly, if you're looking for someone who knows their stuff, is easy to work with, and wants what best for you and your business , Laurie is your person!

Cheers,

Chance Castro
