## What to expect from your **Circles** Tarot reading

We'll look at the colour(s) in your **aura** to help blend our energies together.

We'll communicate with any **spiritual guides** who are present to help and support us. This can include insight into your past lives and messages from spirit friends, but this is not guaranteed.

*(I'm more a Psychic than a Medium 😊)*

After divining that energy together we'll turn to **Tarot**. You can ask a specific question, or we can continue from what we've learned from your energy. It's **your story to tell** after all!
