COMPANY OVERVIEW

Seaside Federal Services LLC is a Florida-based, veteran owned and operated small business focused on government facility and property-support requirements. We coordinate qualified service partners and provide responsive contract administration, scheduling, communication, performance monitoring and issue resolution. When serving as prime contractor, Seaside remains accountable for fulfilling contract requirements.

CORE CAPABILITIES

- Grounds & Landscape Maintenance — mowing, edging, trimming, landscape upkeep and vegetation management
- Pest Management — scheduled prevention, inspection and pest-control services through appropriately qualified providers
- Janitorial & Facility Support — routine custodial, cleaning and related facility-support services
- Contract Management — partner coordination, scheduling, reporting, quality oversight and corrective-action follow-through

OUR APPROACH

- Single point of contact and clear customer communication
- Qualified local and regional service-partner network
- Documented service coordination and performance oversight
- Selective pursuit of manageable, recurring requirements
