

Part 1

What Is Faith?

What Is Faith? Why is it Important? How do we get it? Why is it important in our walk with God? How do we get more of it?

*“Now faith is the assurance (title deed, confirmation) of things hoped for (divinely guaranteed), and the evidence of things not seen [the conviction of their reality—faith comprehends as fact what cannot be experienced by the physical senses].”
Hebrews 11:1 AMP*

We have been hearing since childhood what to believe in & what not to believe in. We learn trust & how to determine something to be true or not. Our experiences in life after that then prove or disprove our foundational beliefs. Whether you grew up in the church or not, you have acquired some opinions about God. Some people believe in Him, Some have questioned & some don't want anything to do with Him. Those of us who do believe have some measure of faith, or we wouldn't pray or attend church or Bible Study. For the next few weeks, we will deep dive into Faith. We will get to know what we believe & how much we believe. We are blessed to have the word of God to align our beliefs to God's truths. In Hebrews

11:6, it says “...Without Faith, it is impossible to please God.” God allows our faith to be tested, questions to arise, & situations to appear impossible so that we are in constant need of faith. We are to walk by faith & not by sight.
