AIM High!

Dear Parents & Families ...

Each year brings its own rhythm, a unique cadence that carries us from the first plié of fall classes to the final bow of recital weekend. This season, we moved forward guided by two powerful ideas ~ a theme that became our heartbeat: AIMing for Joy while AIMing for the Next Level. It echoed through our warmups, danced alongside our choreography, and wrapped itself around every moment, big and small. Our theme for this recital, "Next Level: Season 3-4 Unlocked," wasn't just about the next step in dance ~ it was about unlocking new levels of joy, growth, strength, and possibility in every area of life.

This season also brought one of the most exciting milestones in our story ~ the opening of our second location in Mahomet. Expanding AIM into such a growing, vibrant community has been a dream come true, and we are deeply grateful for the opportunity to share the gift of dance with even more students and families. Watching both studios fill with laughter, learning, and love has been an indescribable blessing.

As we approach this year's recital showcase, I'm struck, once again, by how quickly time moves. Each season seems to accelerate, slipping through our fingers a little faster than the last. And with that passing time comes an ever-deepening desire: not just to mark accomplishments, but to truly savor the joy found along the journey. Because in the end, it's the joy that lingers. It's the joy that shapes the memories that fill my heart, bringing happy tears as I close yet another chapter of this incredible story.

I never could have imagined what lay ahead when Chad and I followed Mr. Albert Schnepf through the doors of the old Clinton Daily Journal building back in 1991. I still remember the moment he handed us the key that breathed life into Art In Motion. What began as a spark of imagination has endured because of the unwavering encouragement, loyalty, dedication, and God's abundant blessings that have carried us forward. I am in awe of how He has used AIM to grow something so much greater than dance.

As this season draws to a close, I want to thank you ~ from the depths of my heart ~ for trusting us with your children, for believing in this place, and for standing beside us in this journey. My greatest hope is that your child has discovered joy here. I pray AIM is a place where they feel seen, safe, loved, accepted ~ a place they call their happy place. My goal has always been, and will always be, to offer a space where every child can find purpose, confidence, value, and lessons that reach far beyond the walls of the studio.

I am profoundly grateful that God has given me the privilege to share my love of dance with thousands of students over the past 34 years. And I am even more grateful for the family He has surrounded me with ~ both inside and outside these walls.

As you watch your child step onto the stage this recital weekend, my wish is that you feel a joy beyond words. Children are treasures from heaven, and their childhood passes in the blink of an eye. Dance classes, recitals, homework, ballgames ~ they come and go so quickly. So tonight, hold onto the moment. Pause. Watch. Listen. Feel the wonder of how much they've grown. And when they step out under the lights, scanning the audience for your familiar face, know that in finding you, they find what they seek most... your joy. Thank you for being part of this journey. Thank you for every mile marker we've passed together. Thank you for celebrating each next level unlocked with us. Thank you for being part of our story.

With abundant blessings,
Tricia Trimble

Artists AIMing High!

FOUNDATION

We are thrilled to celebrate the eight-year anniversary of the Artists AIMing High Foundation—a remarkable initiative created, funded, and inspired by our dear friends Bonita and her late husband, Jeff Amenda. Artists AIMing High is an IRS-approved 501(c)(3) public charity dedicated to advancing excellence in dance education, supporting students pursuing secondary and college-level training, and providing essential resources for those involved in dance and the arts. This foundation stands as a beacon of support and advocacy, paving the way for generations of dancers and leaving an extraordinary legacy. But we can't do it alone—we need your help to continue growing this incredible program. Every contribution, no matter the size, fuels the mission of nurturing the next generation of artists and keeping the arts alive and thriving. Please join us in AIMing for Excellence and building upon the powerful foundation Jeff and Bonita planted. Our hearts and prayers remain with the Amenda family as we honor Jeff's memory following his courageous battle with a brain tumor. CONGRATULATIONS CLASS OF 2025!

Brooklyn Woodard

Every year on the ride home from recital, I would always ask my mom for the program to read the senior bios, and it's finally my turn! I joined AIM in fifth grade, ballet being my first class with Miss Angelina. Although I've only recently joined the Company, I can say that this team is the most caring, motivating, and welcoming people I have ever met. Tricia and Chad have worked to build this studio on kindness and dedication, which everyone shows! The lessons I have learned from dance will follow me for the rest of my life. I would like to thank the seniors for being so inclusive and caring despite us just meeting. Thank you, Miss. Tricia, for being a motivation and helping us dancers learn to push through and adhere to perseverance. Thank you, Chad, for working to welcome everyone who comes into the studio and for encouraging everyone to do the same. Miss. Skylee, thank you for all your beautiful choreography and for helping push me to be my best self. Thank you, Miss Jen, for being the root of my technique and a helpful mentor throughout my past years under your teaching. Thank you, Miss. Taylor, for being someone I look up to, and your amazing combos over the summer. Thank you to my team for welcoming me in and being personal motivators. Whether it's watching you in class or watching your solos, you all inspired me and pushed me to work harder. Lastly, thank my mom for sticking beside me, working hard to keep me here, and supporting my love for dance. Although I won't be dancing next year, this team and place will always be in my thoughts.

Makenna Gray

I really never thought my time to write this would come so soon. Art in Motion has been the biggest part of my life so far and I can't believe it's time for me to step out and move onto my next chapter. I started dancing when I was 3 years old and instantly fell in love. I found my own person in those dance classes and never lost my smile. I started on the competition team when I was 5 and haven't stopped since. I am completing my 12th year on the competition team. My 15 years at Art in Motion have really shaped the person I am today. I've learned so many valuable lessons through my experiences. The studio has become my home and I might even spend more hours there than at my actual house, and I wouldn't want it any other way. The community at AIM has brought me my closest friendships that I know will stand the test of time. Not only have I grown friendships with my peers, but I've gained friendships with dancers much younger and older than me. The sleepovers, post practice ice cream trips, long Saturday rehearsals and everything in between have really been the highlight of my last 15 years. Another thing that AIM brought me is my passion to teach and work with kids. I fell in love with teaching when I was young and that experience has graced me with so many life lessons and opportunities that are unlike anything else. I feel really blessed to have been able to pass on my love for dance to so many eager dancers throughout my years at the studio. I cannot thank every person who has been a part of my dance career enough. I have an overwhelming gratitude for every one of my teachers and the support they have shown me, both in my dance career and life itself. Thank you Tricia and Chad for setting up such a safe growing environment and endlessly supporting each dancer to step foot in the studio. It is so easy to see how much you care for your students and the energy and time you put into the studio is unmatched. Thank you Skylee for believing in each one of us and nurturing our love for dance. You are so good at what you do and make such an impact on every child you teach. To all the other AIM staff, thank you for passing on your lessons to me and encouraging me to enjoy dance and not just do dance. I also cannot begin to describe my appreciation for my teammates. You really have been my rocks for 15 years and the memories we have made will forever last a lifetime. I also need to thank my parents and grandparents for putting me into dance and supporting that dream of mine. I know that it is not always an easy task to maintain the competition dance lifestyle but you guys have dropped everything you had to in order to do that for me. I'm excited to announce I will be attending the University of Illinois and majoring in neuroscience with a minor in developmental psychology. I strive to go onto medical school and become a pediatric hospitalist in order to pursue my passion for science and working with children. I love everyone at the studio with my whole heart and I am so glad I will be just down the road and able to visit often. Art in Motion and its community will always be my forever home.

McKenna Garcia

When I took my first dance class at Art in Motion in 2004, little did I know that I had just gained a family and a second home. I was always told by the seniors and teachers every year that "time flies", and that sooner or later I would be one of those graduating seniors. However, I never believed them till this year, 2025 felt so far away until now. The past eleven years with AIM has flown by in the blink of an eye, and I cannot thank this studio enough for what they have done for me. They have shaped me into the person I am today, in more ways than one, and I wouldn't have traded the last eleven years for anything. I have learned so much about myself as a dancer, but also as a young woman. The staff at AIM and the environment they have provided for me gives me so much to be grateful for, and so many life lessons have been learned that I will carry with me into my next chapter of my life, and forever after that. Each of them have contributed to my dance journey, and I can confidently say that they have always supported me through my time at AIM. I would first like to thank Mrs. Tricia. Thank you for being there for me since the day we met. Through my entire dance journey, you have supported me inside and outside of the studio. Through triumphs and obstacles, you have always given me a reason to smile, whether that be your classes, hugs, prayer circles, or talks. I can't thank you enough for how you have impacted my life. Your hard work and dedication to this studio will never go unnoticed. Thank you, Mr. Chad, for constantly being there for us and always pushing us. You have taught me so many valuable lessons that I will carry with me forever, like the importance of being a role model, "check in and check out", and working hard for all of our teachers who put so much time and effort into us. Thank you, Skylar, for always fueling my love and passion for dance. Thank you for the amazing choreography that you give to us and trust us to carry out. I will miss being in your classes, my solo privates, and laughing on late competition nights with you. You will forever be an inspiration to me. Thank you, Jen, my amazing mom, for always giving me someone I strive to be someday. Thank you for putting me in dance, giving me inspiration to look up to and being my number one supporter through my time at AIM. You have fueled my love for ballet and pointe, and I will

miss our classes together each week so much. Having you in my journey at AIM has been such a blessing. Thank you, Taylor, for your amazing classes and combos. I always look forward to taking from you, knowing that you will always push us and believe in us. Thank you, Grace, for your amazing combos and insight. Having you back in the studio for my senior year has been such a blessing. Thank you, Ms. Barb and Phoebe, for always helping out around the studio. Your behind-the-scenes work will never go unnoticed. Thank you, Marley, for pushing me out of my comfort zone in hip hop, and bringing your knowledge to our class and constantly inspiring us. Thank you, Thomas, for your amazing choreography, always pushing me more than I thought I could accomplish because you believed in me. Thank you, Kristen, for your continuous support you have shown me since I took my first dance class with you in second grade. To all of the aim staff and guest choreographers, thank you for your constant love, support, and kindness you have shown me. I am so grateful to have worked with so many amazing individuals. Thank you, Marie, my sister, for going through my time at AIM with me. Dancing alongside you is something that I will forever cherish, and will hold close to my heart. I would also love to give a special thank you to all of my students and the littles, you all have fueled my love for teaching, giving me reasons to teach year after year. The opportunities I have been given with you guys is one of the many reasons I find so much happiness within these studio walls. Thank you to my team for always showing me unconditional love, the bonds I have formed with all of you is something that I will remember forever. I will always cherish all of you guys, and the endless memories we have formed at competitions, lock-ins, classes, bonding events, and much more. Nothing compares to this family we have formed. I can't wait to come back and see you guys and cheer you all on next year, and for years to come. I hope you guys never take these moments for granted and always live in the moment because you will never truly realize the impact that this studio leaves on you until it is almost over. Thank you to all the parents of this team as well, who have been just as supportive as my teammates towards me, and thank you to my dad for also always supporting me, coming to watch my performances, and cheering me on. I will be attending the University of Illinois Urbana-Champaign in the fall, majoring in Dance, with plans of adding the double major of Social Work. Even though I will not be at the studio anymore, I will always carry these beautiful memories we have formed together with me wherever I go. Thank you Art in Motion for giving me so much to be thankful for. I cannot thank this studio enough.

Momoe Tanaka

I bet my mom would never have guessed that when she put me in my first dance class at one and a half years old, dance would become such a huge part of my life. Or that when we found our way to Art in Motion all those years ago, I would spend countless hours in a dance studio that has become so much more to me than just a building. My journey at AIM has been full of ups, downs, and everywhere in between, and I would not trade it for anything. Though my time here is at a close, I am proud to now call myself an official AIM alum! I look forward to coming back home to visit you all. It has come as a shock to absolutely no one that I have chosen to continue dancing in college, and for the rest of my life. I am not sure yet where this path will take me, but I am excited to watch God's plan for my life unfold. I have an infinite list of people who are more than deserving of my eternal gratitude, but I want to start with thanking God for the path he has chosen for me to follow and for all that he has provided for me. I also want to thank my mom for the countless amounts of time, money, and love she has poured into my dance lessons, but also just into me. Thank you Kati for being the most amazing best friend and duet partner, I am going to miss you more than anything. Thank you to my fellow AIM dancers for being an incredible support system, you are all so talented and you all have a very special place in my heart. Lastly, thank you to all the AIM staff and mentors who have gotten me to where I am today, but mostly thank you to Mrs. Skylee, Mr. Chad, and Mrs. Tricia. I love you all so much! Mr. Chad, your dedication to running this studio is admirable, all your hard work is very appreciated! Also, thank you for letting me in to the studio early every week. Mrs. Tricia, thank you so much for always being a safe person for me to talk to. I love you so much, and I am going to miss seeing you every day. Mrs. Skylee, thank you so much for always perfectly capturing my soul in every solo you have choreographed for me. I am endlessly inspired by you. I have made some of my favorite memories in your contemporary classes, and I know I will treasure them for the rest of my life. Closing this chapter at AIM has been an incredibly hard thing to do, but I am looking forward to seeing where this next chapter takes me.

Sarah Jacobs

My love for dance started because of my older sister, Lauren. I looked up to her so much, and dancing felt like the perfect way for us to connect and grow even closer. I started dancing at three years old and fell in love with performing. I started dancing competitively at the age of five. I joined AIM in fifth grade and somehow fell even more in love with dance. Art in Motion helped sculpt me not only within my dancing but also through my whole life. I learned how to communicate and network with people, I learned the importance of showing up, time management and teamwork. As the next chapter of my life begins at Florida State University I will be majoring in dance and that is all thanks to the amazing staff at AIM. To Mrs. Tricia, thank you for always giving your 110% in everything that you do. Your faith is inspiring and your love for God shows through everything you have done. You inspire me to show love and kindness to everyone I come across. Mrs. Skylee, thank you for always believing in me, your constant support and passion for dance pushed me to become the dancer that I am today. Mr. Chad, thank you for always being there for me, by walking me out to my car making sure I get in safely, or updating me on the weather so that I would have a safe drive home, and the occasional hugs. You always had my best interest at heart and I want to thank you for that. To my ballet teachers, My love for ballet has always been strong but you helped cultivate a fire in me to pursue and grow in ways that I could have never imagined. To the AIM alumni, thank you for believing in me and always encouraging me to go for my dreams, your support means everything to me. Mom, there aren't enough words to describe how thankful I am to you. The sacrifices you have made to get me to where I am today are something that I am forever grateful for. The hours you spent driving me to dance, going all over the country to give me the opportunity to audition for countless schools, and the time you spent staying up, waiting for me to get home so we could eat dinner together; even if it was at 10:30 at night, are things that I will remember forever. I love you to the moon and back. Chuck, thank you for supporting me through this crazy journey. You have always had my back and have been my number one fan. To my siblings, thank you for always showing up to watch me even if that meant waiting in the audience for hours to only see me on stage for 3 minutes. Your presence in my life means the world to me. To my fellow seniors, I love you guys endlessly, I couldn't imagine this year without you and I am so excited to see the places you will go. To my AIM family, I want to thank you for the past 8 years together. Even though this chapter of my life is closing, I will cherish all of our memories together. I will forever be grateful for everything. I love you all.

Zoe Ruhlig

I have been so grateful for my years at AIM! As a little girl I always wanted to be a dancer but couldn't for a long time due to a foot injury. But as soon as I could I started contemporary classes at 12 years old! Dance has truly been such a joy to my life, helping me to truly express my feelings. I'm so grateful that I had the opportunity to spend my senior year at AIM it's truly been such a blessing to be a part of such an amazing company! I will not be doing dance in college sadly but I do plan to keep it up in my free time. I am attending parkland community college in the fall studying elementary and special education. Again I'm so grateful for these past couple years at AIM and I can't wait to see what God has planned for me in this next year!

To our dearest AIM 2025 Graduating Seniors—oh, how our hearts are bursting with love, pride, and a touch of bittersweet wonder as we watch you spread your wings. You are not only AIMazing dancers, but truly extraordinary human beings who have brought immeasurable joy, laughter, and light into our lives. You've left footprints on this studio floor, but even deeper imprints on our hearts. The world is yours, waiting with open arms—and we know, without a doubt, you can do absolutely anything you set your AIM to do. Dream big, dance boldly, and never forget the magic that lives inside you. We love you beyond words, and while our days won't feel the same without seeing your beautiful faces each day, you will forever be a part of our AIM family. — Love, Ms. Tricia, Ms. Skylee, & AIM Staff
