

A Child's First Steps Preschool 2

Release of Liability Diaper Changing 2017 – 2018

During the course of the school year the children in the 2's class may require a diaper change. If for any reason during your absence, your child has a potty accident, this form gives the other parent/guardian/friend permission to come to the preschool and change your child.

A Child's First Steps Preschool is not licensed for diaper changes, and technically because we are in a public building, we cannot have anyone changing diapers in the restrooms or hallways.
