From President Kelly Haworth: I know they have called it a last dance or season finale, but I prefer the Anticipation BALL. The expectation of gathering with old and new chums. Knowing that many will be leaving for more hospitable climates. Those who stay will burrow into air-conditioned desert domiciles to stir only at night. Our anticipation will rise as the temperature falls, as we look forward to a new 2027 dance season with fellow music and dance enthusiasts.

Now about this final dance of the 2026 season. In previous communications, I have loquaciously labeled the liquid refreshments. I have gushed greatly about the gastronomical goodies. I have described discernibly our delightful dance floor. As a man of few words, I would like to break character and boast about our Sunday Night Dance Club.

First and foremost is the Havin' Fun Band. We are so fortunate to have a house band with 500 years of combined experience as professional musicians, educators, and composers. These guys can play!

11 PIECE BAND + \$10 ADMISSION = YOU DO THE MATH

There is no better value for an extraordinary evening. A band with this repertoire and skill level, a venue this attractive and spacious, and a setting with country club food & drink prices. That's like finding a unicorn.

Finally, the attendees make this a night to remember and an event not to be missed in the future. We are open to the public with no membership fee. Just a jovial clan that embraces the multitude of benefits from dancing and socializing. Lower your risk of depression, dementia, diabetes, heart and lung disease, to name just a few. Increase your feel-good hormones while doing something that makes you feel good.

Enjoy the amount of life you have left in your years
Not the amount of years you have left in your life.

We love and thank everyone who joined us this year. We really appreciate those who told or brought others into our group. Have a wonderful summer!
