Terrain:	<p>Blackwood is a gently undulating forest with mostly deciduous trees. The woods are very Open, vegetation is low so the terrain is fast, favouring those taking the direct route. The area is littered with many V/large depressions caused by bombs in 2WW, pilots dumped their loads rather than risk the barrages over Southampton. These can be a scramble to get in/out of. NOTE: Holiday chalets areas are strictly OOB, there should be no need to go within 50m of any of them, stay in the woods away from them and also off the main tracks leading to them. (They are not marked OOB as that would cause confusion on the map as there are routes available between the groups of huts)</p>																																												
Mapping:	<p>Updated fully Dec 2023 and revised in May 2025 for last year's MLS HARRIS event by Alan Kersley BADO. Scale 1:10,000 overprinted on waterproof paper. (1:7500 for SG & 1:5000 for VSG) Loose control description provided at the start.</p>
