

## **F=ma Physics 2023 Practice Exam Guidelines**

In class on Sunday, January 29, 2023, you will be taking a full F=ma exam as practice.

Unlike in the diagnostic exam, make your best guess on every question.

All normal F=ma exam rules apply, as written on the first page of the exam sheet.

**When instructed to so, click both links to begin your exam.**

**CLICK FOR EXAM SHEET**

**CLICK FOR DIGITAL SCANTRON**

**Time will be announced with 15, 5 and 1 minute remaining.**

After you complete your practice exam, please click the link below and fill out the topic request form for our next and final class of the season on February 5, 2023.
