Family Group Decision Making for Children & Young People

What is a Family Meeting?

A family meeting is for you, your baby, your family and other people you are close to. The meeting helps you and your family come together to develop a plan to support you and your baby.

Step 1

Your Coordinator

I will help you to prepare for your meeting.
We will talk about - What works well? What would you like to change? Who could support you?

What other families have said about FGDM

“I felt listened to”

“It was nice to be together as a family”

“I felt control of my own decisions”

Step 2

Private Family Time

I will leave the meeting. You can have an advocate to help you share your views.

Step 3

I will come back into the room to hear your plan.
