

Equally Safe Falkirk

Supporting families to develop a plan that works for them

## Family Group Decision Making Service

### Child Centred

Making sure the child is at the centre of every decision.

### Blame Free

No unkind behaviour - keeping everyone safe.

### Future Focused

Talking about the future, not the past.

Listen to what  
kids actually SAY  
Not what you  
want to hear!

### Private Family Time

Allowing the family some time on their own to discuss solutions and to make **their plan, their own way.**

### Widening the Family Circle

Supporting the wider family to come together to identify strengths and develop a plan to enable positive outcomes.

“Children must be listened to and meaningfully and appropriately involved in decision-making about their care, with all those involved properly listening and responding to what children want and need. There must be compassionate, caring, decision-making culture focused on children and those they trust”
