Georgia's Premier Landscape and Turf Organization Selects Tolar Capitol Partners

Tolar Capitol Partners is grateful for the outpouring of support these past few weeks since our November 13 launch. As the momentum continues to grow, we are very pleased to announce the [Georgia Urban Agriculture Council \(UAC\)](#) has come on board as a client.

UAC is a strong, statewide coalition of some 500 member companies representing Georgia's \$8 billion landscape and turf industry. Led by Executive Director Mary Kay Woodworth, their members are comprised of landscape architects and service providers, equipment manufacturers, input suppliers, farmers, irrigation technicians, nurseries, parks and recreation managers, and more. With a focus and drive for environmental stewardship, job growth, professionalism and education, they are a great partner for our background of experience. If you know of agribusinesses that share these same interests, we hope you will encourage them join the Georgia Urban Agriculture Council. [See the UAC announcement here.](#)

Tolar serves as Principal of Tolar Capitol Partners, Inc. For more information, go to www.TolarCapitolPartners.com or contact info@TolarCapitolPartners.com.
